

Service Bulletin

Bulletin No.: 19-NA-265

Date: November, 2019

INFORMATION

Subject: Information On Equivalent and Interchangeable Continental Cross Contact UHP Tires

Brand:	Model:	Model Year:		Breakpoint:		Engine:	Transmission:
		from	to	from	to		
Cadillac	XT5	2017	2020	-	-	-	-
Chevrolet	Blazer	2019					
GMC	Acadia	2017					

Involved Region or Country	North America, Mexico, Russia, Middle East, Israel, Palestine, Chile, Columbia, Peru, Japan, South Korea, Australia and New Zealand.
Condition	<p>There may be a concern of a customer or dealership technician noticing either of the following:</p> <ul style="list-style-type: none"> • That, all on the same vehicle, one or more tires on the vehicle have a TPC number 1316, and the other tires may have a TPC number 3152, listed on the sidewall. • Or, when ordering replacement tires, the new tires have a TPC number 3152, while the original tires on the vehicle showed TPC number 1316 (or vice versa).
Cause	Starting in November 2018, Continental had updated the TPC number in production to the number 3152, on the sidewall.
Correction	<p>Note: TPC Numbers 1316 and 3152 are equivalent and interchangeable</p> <p>Continental Cross Contact UHP tires manufactured from November 2018 forward will have the updated TPC number 3152, on the sidewall. When ordering replacement tires of this model, please utilize this updated TPC Number.</p>

Version	1
Modified	Released November 21, 2019

GM bulletins are intended for use by professional technicians, NOT a "do-it-yourselfer". They are written to inform these technicians of conditions that may occur on some vehicles, or to provide information that could assist in the proper service of a vehicle. Properly trained technicians have the equipment, tools, safety instructions, and know-how to do a job properly and safely. If a condition is described, DO NOT assume that the bulletin applies to your vehicle, or that your vehicle will have that condition. See your GM dealer for information on whether your vehicle may benefit from the information.
