Product Update: NSX Warranty Information Booklet or CD

AFFECTED VEHICLES

Year	Model	Trim	VIN Range
2017-19	NSX	ALL	Check the iN VIN status for eligibility.

BACKGROUND

The warranty information booklet or CD that was placed in the vehicle during assembly did not include all the required emissions components in the Emissions Warranty Parts List. The failure to include the missing parts in the Emissions Warranty Parts List may cause confusion and client dissatisfaction.

CLIENT NOTIFICATION

Owners of affected vehicles will be sent a notification of this campaign along with an updated warranty information booklet or CD.

Do an iN VIN status inquiry to make sure the vehicle is shown as eligible.

Some vehicles affected by this campaign may be in your new or used vehicle inventory. Update the owner/warranty information in these vehicles before they are sold.

CORRECTIVE ACTION

Replace the original owner's/warranty information booklet or CD with the new one supplied by AHM.
