General Questions

FAQ	Answer	
What is included in Connected Services?	Like a personal assistant for your Mazda, access your vehicle's health report, remotely start your CX-30's engine, lock and unlock the doors and more through the MyMazda app on your mobile device. All complimentary for the first three (3) years of ownership. The vehicle can also be equipped with in-car Wi-Fi capabilities and provide access to emergency services like automatic 911 dialing and roadside assistance.

What benefits come with Connected Services?	<p>Connected Services utilizes a built-in cellular data connection between the vehicle and the MyMazda smartphone app, offering remote access to a variety of great features, including:</p> <ol style="list-style-type: none"> 1. Monitoring your vehicle status from nearly anywhere 2. Remotely starting your vehicle from much farther away than key-fob-activated remote start systems 3. Using Vehicle Finder to more easily find your vehicle; especially helpful when parked in a large, crowded parking lot.
On which vehicles is Connected Services available?	Connected Services is available on the 2020 CX-30. Other models to feature Connected Services have yet to be announced.
How do I know my Mazda supports Connected Services?	<p>All 2020 Mazda CX-30 vehicles (all trims) support Connected Services. Signal strength can be checked on the Mazda Connect center display.</p> <p>On the Mazda Connect home screen, go to "Navigation" or "Entertainment" and look for the telematics icon at the bottom right of the screen.</p>
Is Connected Services available on manual transmission vehicles?	<p>Yes, Connected Services features are available on manual transmission vehicles. However, the remote engine start/stop feature is not available for manual transmission vehicles.</p>

Setup and Getting Started

FAQ	Answer	
Is it mandatory to enroll in Connected Services?	No, it is an optional service. However, if you do want to use Connected Services features, enrollment via the MyMazda app is required.	

CONSUMER NOTICE: The information and instructions in this bulletin are intended for use by skilled technicians. FAQ	Answer
What is in-vehicle Wi-Fi?	In-vehicle Wi-Fi lets you use your vehicle as a Wi-Fi hotspot so you can connect to the internet and stream media such as music, video and so on.
Do I need a wireless plan to access the internet with my vehicle's Wi-Fi hotspot?	Yes. You can take advantage of the free trial through Verizon that's good for 2GB or 6 months, whichever comes first. After the free trial period, you can sign up to Verizon's wireless plan to continue services.
How do I set up the in-car Wi-Fi hotspot?	The in-car Wi-Fi hotspot is a separate service provided by Verizon for Mazda vehicles. Verizon will be the only service provider for CX-30 vehicles, with all service agreements being made between Verizon and the customer. Using your device, discover the vehicle's designated SSID and use the appropriate password to set up. Or, you can check for instructions within MyMazda by accessing QUICK LINKS and tapping "In-Car Wi-Fi."
Will devices automatically connect to the hotspot after setup?	Yes. Following setup, devices within range will automatically connect to the hotspot as long as their Wi-Fi is enabled.
What is the download speed?	As the Wi-Fi uses Verizon, your Mazda uses America's largest and most reliable 4G LTE network. Download speeds typically run between 5 and 12 Mbps, with peak download speeds reaching up to 50 Mbps.
What happens if I reach my Wi-Fi data limit during my subscription?	If you reach the limits of the 2GB / 6-month free trial, simply continue services by signing up for Verizon's wireless plan. Verizon offers an unlimited plan for \$20 per month.
How many devices can be connected to the Wi-Fi hotspot at any given time?	You can connect up to five (5) devices to the Wi-Fi hotspot at a time.
Am I able to check how much data I've used each month once I have a Wi-Fi subscription?	During the free trial, you can monitor how much of the 2GB / 6-month limit was used. If you enroll in Verizon's \$20-per-month unlimited plan, there will be no data limit.
Where will I have Wi-Fi coverage?	Within the United States, Connected Services uses Verizon's network, America's largest and most reliable 4G LTE network. When driving in Canada, roaming is available, with up to 512 MB per day available at 2G speeds.

FAQ	Answer
How do I connect a device to my vehicle's Wi-Fi hotspot?	Using your device, discover the vehicle's designated SSID and use the appropriate password.
How do I turn the Wi-Fi hotspot on/off?	First, access the Wi-Fi Settings menu: <ol style="list-style-type: none"> 1. Select Settings from the Mazda Connect MENU. 2. Select Connectivity. 3. Select Wi-Fi Settings. From here, you can turn the Wi-Fi off or on. You can also set a designated SSID and password, much like you would with a home router.
How do I manage my Wi-Fi hotspot password?	You can manage the Wi-Fi password by following these steps: <ol style="list-style-type: none"> 1. Select Settings from the Mazda Connect home screen. 2. Select Connectivity. 3. Select Wi-Fi Settings. 4. Select Wi-Fi Password to manage the password.
What if I forget my Wi-Fi password?	You can manage the Wi-Fi password by following these steps: <ol style="list-style-type: none"> 1. Select Settings from the Mazda Connect home screen. 2. Select Connectivity. 3. Select Wi-Fi Settings. 4. Select Wi-Fi Password to manage the password.

WI-FI Trial Period

FAQ	Answer
How do you begin the Wi-Fi trial?	Any applicable free Wi-Fi trials and monthly subscriptions are handled directly with Verizon.
What happens if I reach my data limit during the Wi-Fi trial?	If you reach the limits of the free trial, simply continue services by signing up for Verizon's wireless plan. Verizon offers an unlimited plan for \$20 per month.
What are the trial terms for Wi-Fi hotspot?	The free trial is good for 2GB or 6 months, whichever comes first.
How can I check how much data I've used during my trial?	You can log into Verizon's account management website, , using your login information.

Interacting With The App

FAQ	Answer	
Can I use multiple devices for the same account?	No, not simultaneously. For security purposes, the app will automatically log other devices out when a new one logs in.	
Do I need to be within a certain distance of my Mazda for Connected Services to work?	As long as both the MyMazda app and the vehicle are within range of cellular service, Connected Services should work.	
Can I add multiple Connected Services drivers to the same Connected Services account?	<p>Yes, the primary driver can invite up to three (3) other Connected Services drivers through MyMazda. The primary driver can also cancel the invites at any time through MyMazda.</p> <p>To add drivers:</p> <ol style="list-style-type: none"> 1. Go to "My Vehicles" 2. Tap "Manage Drivers" 3. If a spot is available, tap "+ Invite Driver" <p>If you change your mind, you can tap "Cancel Invitation" to retract your invitation to a secondary driver.</p>	
Can I use the app on a tablet instead of a smartphone?	Yes, but some functions may not work properly, as tablets are not fully supported.	
Can I use the Remote Control feature while sitting in the connected vehicle with the key?	No, none of the Remote Control functions will operate if the key is located inside the car, or if all of the doors are not closed.	
When are Vehicle Status and Vehicle Health Report data updated?	<p>Vehicle Status and Vehicle Health Report data is updated after ignition off. As long as the engine is running, information is not updated, even if it is refreshed. Please note, it may take several minutes for Vehicle Status and Vehicle Health Report to be updated after ignition off.</p>

Service Issues

FAQ	Answer
<p>Is my Connected Services reception affected by weather conditions or geographic features such as tunnels or steep valleys?</p>	<p>Yes, inclement weather, remote locations, enclosed areas, or underground parking garages can affect your service. Use the radio wave reception level indications of the communication unit to determine if your Connected Services reception is being affected. For details on the system's limitations, refer to the Terms and Conditions .</p>
<p>Can I use Connected Services as normal during an app update?</p>	<p>It may not be possible to use certain Connected Services functions during a MyMazda online update.</p>

Troubleshooting

Problem	Solution	
<p>I can't access Connected Services via MyMazda app.</p>	<p>To regain access to Connected Services, follow these steps:</p> <ol style="list-style-type: none"> 1. What vehicle do you have? a. 2020 CX-30 2. Have you downloaded the MyMazda app and registered for an account? If not: a. If you have an iOS device (iPhone, iPad), download the MyMazda app from the App Store. The device must be running iOS 9.0 or newer. b. If you have an Android device, download the MyMazda app from Google Play Store. The device must be running Android 7.0 or newer. 3. Have you already enrolled in Connected Services? 4. If you aren't enrolled in Connected Services, follow the enrollment process. Download the MyMazda app from the app store, if necessary. <p>Note to CEC/Tech Hotline/Dealer: If the customer is enrolled</p>

	in Connected Services, follow incident management protocol.	
I can't access the in-car Wi-Fi hotspot.	<p>If you are unable to access the in-car Wi-Fi hotspot, follow these steps:</p> <ol style="list-style-type: none"> 1. See if your device's Wi-Fi access is turned on. 2. Make sure your vehicle is running or in accessory mode. 3. You can follow the steps below to find your Wi-Fi network name: <ol style="list-style-type: none"> a. Select Settings from the Mazda Connect home screen. b. Select Connectivity Settings. c. Select Wi-Fi Settings. d. Select SSID (Access Point Name). e. Find the SSID on your device, then select it. 4. Now follow the steps below to find your Wi-Fi network password: <ol style="list-style-type: none"> a. Select Settings from the Mazda Connect home screen. b. Select Connectivity Settings. c. Select Wi-Fi Settings. d. Select Wi-Fi Password. e. Enter the password displayed on the device to connect to the Wi-Fi network. 	
I made multiple remote service requests within a 60-second period.	You can only make one (1) remote request within a 60-second period. For example, if you accidentally made a "remote unlock" request and now want to send a "remote lock" request, you will have to wait at least 60 seconds before you can make the second request.	
I didn't use the vehicle for a week, and now I can't access Connected Services.	Simply drive the vehicle as normal for a few miles and Connected Services should start working again.	
I left my key in the vehicle. Can I still use Connected Services, like remote engine start?	No, you will see a "Fail" error message upon making a remote service request (e.g., remote engine start) if you leave the key in the vehicle. The key must be kept outside the vehicle to execute remote services.	
I am locked out from the app after failing to log in a few consecutive times.	If you have made five (5) failed login attempts, you must wait five (5) minutes before you can attempt to log in again.	
The Remote Control lock/unlock function isn't working.	Double-check your vehicle. The lock/unlock function will not work if the engine is running, the key is left inside the vehicle or any of the doors are opened.
