SUBJECT: 1000, 2000 Series Models Transmissions Universal Transfer Case Adapter Rear Cover

MODELS AFFECTED: All 1000, 2000 Series Models Equipped Universal Transfer Case Adapter Rear Cover

Introduction:

Universal Transfer Case Adapter Rear Cover P/N 29560343 has been superseded by P/N 29561803, refer to [Figure 1](#). The former rear cover P/N 29560343 was a permanent mold casting with spot faced bolt holes. The current rear cover P/N 29561803 is a die cast mold with no spot faced bolt holes. Forward and backward compatibility is unaffected.

Please Note: Allison Transmission Service Information Letters are intended for use by professional, trained technicians, not for the "do-it-yourselfer." They are written to inform those technicians of conditions that may occur on some transmission models (or serial numbers ranges) or to provide information that could assist in the proper servicing of a specific Allison transmission. Properly trained technicians have the equipment, tools, safety instructions, and know-how to do a job properly and safely. If a condition is described, do not assume that the Service Information Letter applies to your transmission, or that your transmission has the condition described. Product evolution and information updates are inevitable. Please see your authorized Allison Transmission service dealer or distributor to understand if your particular transmission may benefit from the information contained within the Service Information Letter.
