Subject: A Screw may contact the Rear Leveling Jack Hydraulic Lines
Affects certain 2020 Unity Motorhomes

The 12V wire P-clamp is fastened through the underside of the battery box spacer which also acts as a support for the loomed leveling jack hydraulic lines.

Correction:

To correct this situation, please follow the included photos. Please claim the labour to perform the campaign update on a warranty claim.

Labour to perform this Campaign Update: 0.2 hrs

Thank you for your anticipated support in correcting this concern.

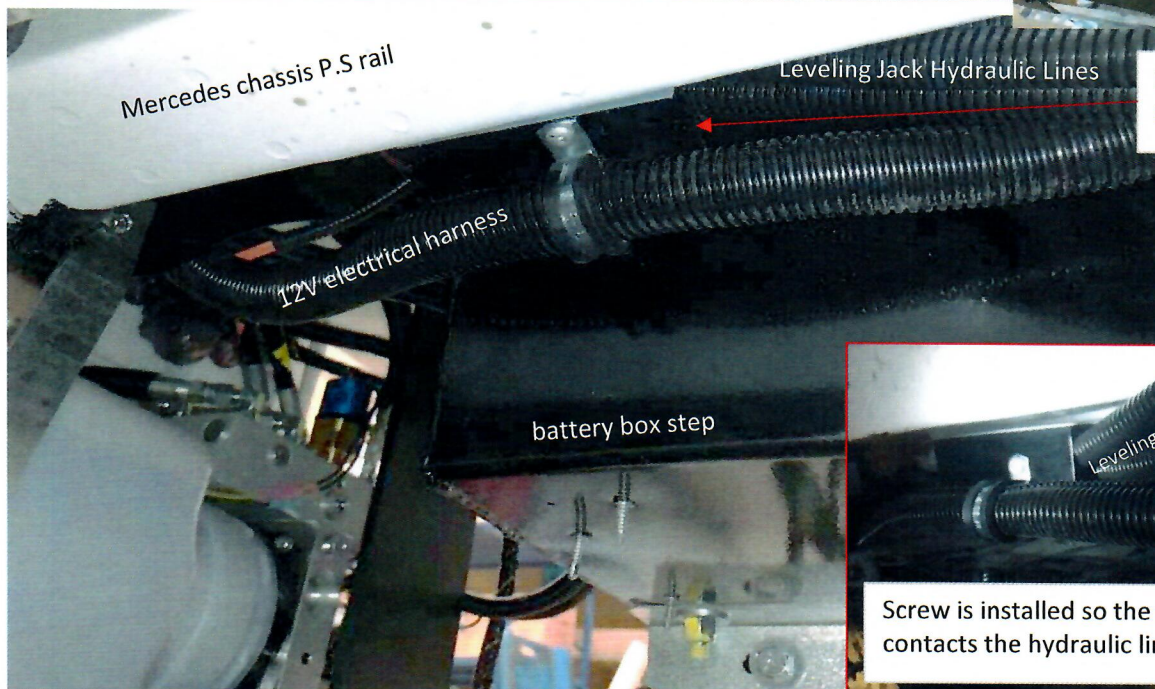

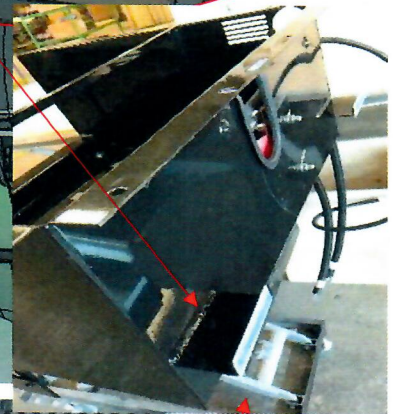

Sincerely,

A handwritten signature in black ink that reads "Brad Wall".

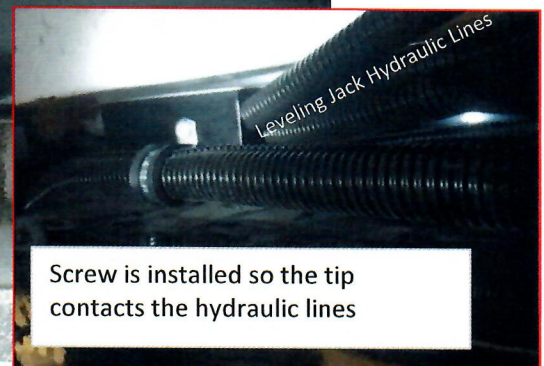

Brad Wall
Customer Service / Warranty Manager

BW/wcw

Enclosures

Battery box spacer at back.

Screw is installed so the tip contacts the hydraulic lines
