ESC Update Saf-T-Liner EFX & HDX

Electronic Stability Control (**ESC**) is released and all new **Saf-T-Liner EFX** and **HDX** orders submitted to order on or after **07/05/2019** will be required to include this safety feature.

ESC will **include** a tilt/telescopic steering column and **ATC** (Automatic Traction Control). The sales codes for these features are being **discontinued** with the release of this bulletin.

Note: Due to **CMVSS** regulations, Canadian orders will still be required to order **ESC** prior to **07/05/2019**.

Below is a summary of changes that will take effect in **RACE** on **06/27/2019**.
