Air Conditioning Update Saf-T-Liner HDX

Option **B8160-12-000 MCC AC-106K/120K, FREE BLOW-ROOF MOUNT CONDENSER** has been released for sale on the **Saf-T-Liner HDX**. A roof mount K430 condenser will be utilized and allows this system to be ordered for all HDX body lengths. The roof condenser placement allows thru-body luggage to be maximized.

This system will be available for Detroit and Cummins engines and will be offered with dual air conditioning compressors.

Below is a summary of changes that will take effect in **RACE** on **07/26/2019**.

Feature	Description	Action
B8160-12-000	MCC AC-106K/120K, FREE BLOW-ROOF MOUNT CONDENSER	Released.
