## SPECIAL SERVICE CAMPAIGN K0B

Certain 2018 – 2019 Model Year Tacoma and Tundra  
Millimeter Wave Radar Sensor  
Special Service Campaign

### **\*\*Part deployment details\*\***

In an effort to assist dealers in performing campaign K0B on a customer's first visit, Toyota is deploying stock of EPT Sealers, part numbers 88278-0C010 and 88278-0C020 to all dealers. Dealers will receive enough parts to repair 2 days-worth of their peak demand based on the quantity of vehicles registered in their area. Peak demand has been estimated based on historical campaign demand.

Dealers should continue to place orders following the CPOR process for this campaign to replenish their stock. For additional details on the CPOR process, refer to the MAC report. Parts are stocked at the Parts Distribution Centers and are available in one day from order placement.

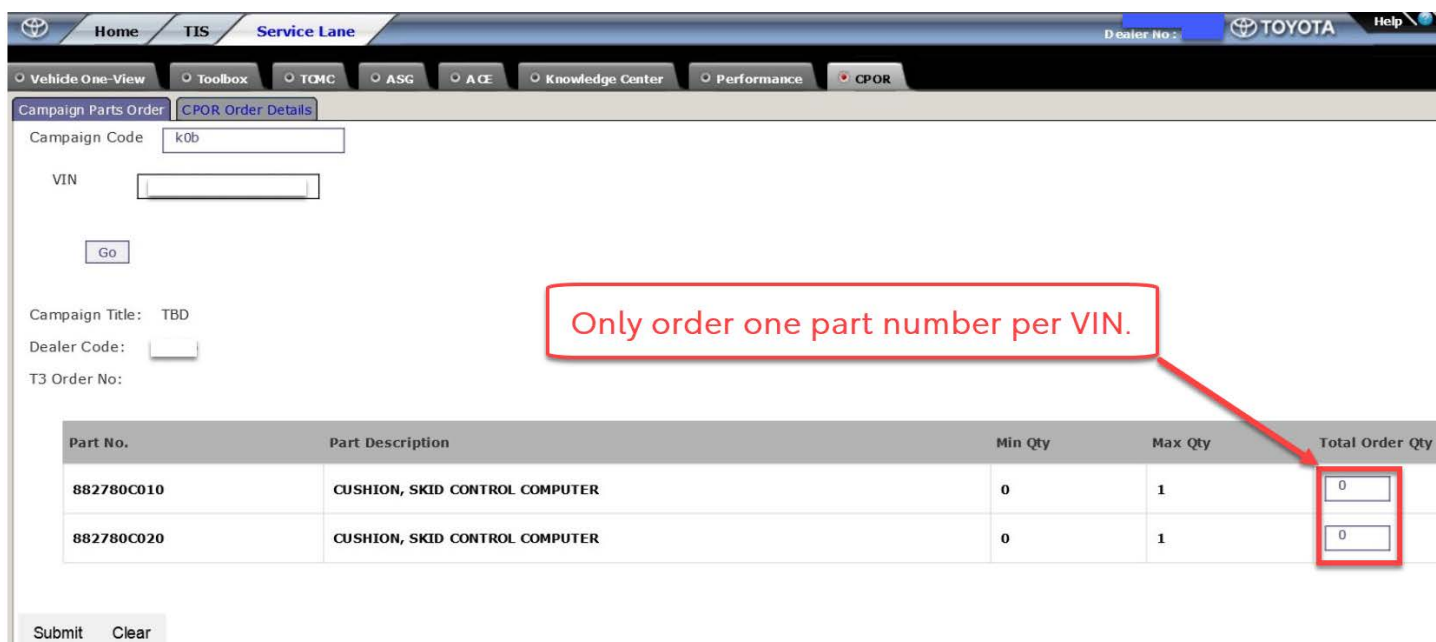

**NOTE: All dealers will receive a minimum of 1 piece.**

Reference the table below to determine which part number is required for each vehicle. **Only order one of the part numbers per VIN when ordering through CPOR.**

Vehicle	Model	Description	Part Number	Size
Tacoma	SR	EPT Sealer (Repair A)	88278-0C010	Large
	SR5			
	TRD			
	TRD Off Road			
	Limited	EPT Sealer (Repair B)	88278-0C020	Small
	TRD Pro			

Vehicle	Model	Description	Part Number	Size
Tundra	SR	EPT Sealer (Repair A)	88278-0C010	Large
	SR5			
	Platinum			
	TRD Pro	EPT Sealer (Repair B)	88278-0C020	Small
	Limited			
	1794			

## CPOR SCREEN:

The screenshot shows the CPOR (Campaign Parts Order) screen. At the top, there are navigation tabs: Home, TIS, Service Lane, and Dealer No. The main navigation bar includes Vehicle One-View, Toolbox, TCMC, ASG, ACE, Knowledge Center, Performance, and CPOR. The CPOR section is active, showing Campaign Code 'k0b' and a VIN field. A 'Go' button is present. Below the input fields, the Campaign Title is 'TBD', Dealer Code is empty, and T3 Order No. is empty. A table displays the order details:

Part No.	Part Description	Min Qty	Max Qty	Total Order Qty
882780C010	CUSHION, SKID CONTROL COMPUTER	0	1	0
882780C020	CUSHION, SKID CONTROL COMPUTER	0	1	0

At the bottom, there are 'Submit' and 'Clear' buttons. A red box highlights the 'Total Order Qty' column, and a red arrow points to it with the text 'Only order one part number per VIN.'

Dealers can verify the quantity they are being deployed by checking Dealer Daily for M order types.

Also, if your dealership requires additional quantities to maintain sufficient stock that cannot be supported through replenishment orders under the CPOR process to perform campaign K0B on a customer's first visit, please reach out to [PRAPROJECT@toyota.com](mailto:PRAPROJECT@toyota.com). Provide an explanation of the demand your dealer is experiencing, and Toyota will re-evaluate your dealer's part deployment quantity.

**Refer to the Dealer Letter and Technical Instructions on TIS for additional information.**

Thank you for your cooperation.
