 RE: Request for Parts: 2018-2020 Accord Front Damper Rattling Noise

**This message is solely directed to Honda dealership personnel; please handle accordingly.
 Print this iN message and provide a copy to the Shop Foreman and all Service Advisors.**

Background

American Honda Motor Co., Inc. (AHM) is investigating certain 2018-2020 Accords with a customer complaint of rattling noise coming from the front damper when going over bumps. To better understand the cause of this condition, AHM would like to collect specific parts from the vehicle prior to you attempting a repair of any kind.

Qualifiers

AHM is interested ONLY if the vehicle meets the following requirements:

1. VIN must start with 1HG.
2. Sport & Touring trim only.
3. Vehicle has not been in a collision.
4. No repair has been attempted for this issue.

Action Required

If you have or know of such a vehicle, please call Technical Research & Support (TRS) Group at 800-880-1072. TRS will need to record certain vehicle information and provide you with further instructions.

Thank you.
