TOL NOTICE (US&CAN) – January 29, 2020
13526-PAC

TOL Ref. #

Accessory Rocket 3 Easy Shift Assembly

Please be aware of a change to the new **Rocket 3 Accessory Easy Shift Kit (A9778507)**. We have removed the ball joint from the TSA kit to improve the durability and quality of the system.

An additional fitting kit is now required when fitting the TSA, please use the table below to make sure the correct fitting kit is selected for the correct model:

Model	Part Number	Description	Availability Date
Rocket 3 GT	A9770224	FITTING KIT, EASY SHIFT, FWD	3/13/20
Rocket 3 R	A9770225	FITTING KIT, EASY SHIFT, MID	3/13/20

Unfortunately this late change is causing us an issue with availability. The above availability date is currently our best estimate for good stock. We are working on alternative options to improve this and will release information on this as soon as it is available.

Please note, current functionality on the configurator is unable to show the specific fitting kit when this combination of parts are selected. Please check part numbers in the summary listing prior to placing an order.

If you have any questions, please contact your Regional Manager or call Triumph Customer Support at (888) 284-6288.
