

Scheduled Maintenance for Racing use

899 Panigale, 959 Panigale, 1199 Panigale,
1299 Panigale, Panigale V2 (all versions)
Service Repair Bulletin SRV-SRB-20-006

Date: February 11, 2020
To: Dealer Principal, General Manager, Service Manager, North American Dealer Network
From: Richard Kenton, Technical Director
Eric Bradley, Technical Training and Publications Manager

Dear Dealers,

This Service Bulletin provides the Check Lists of scheduled maintenance operations available for the following models:

- 899 Panigale
- 959 Panigale
- 1199 Panigale
- 1299 Panigale
- Panigale V2

NOTE

The defined service intervals listed on this document are for use with motorcycles used only on Racing tracks (such as in sporting competitions, not for amateur use).

This document includes all the operations and relevant mileage intervals we ask you to perform in case the motorcycle is used in official sports events.

Scheduled Maintenance for Racing use

The list of the operations specified inside the Check List is an indication of the operations to be carried out on the motorcycle since the use under extreme conditions can entail above-average wear of the components, both structural and not; it is thus necessary to shorten the mileage maintenance service intervals based on motorcycle use.

The Check List of scheduled maintenance operations for racing use consists of two tables, the first one specific for 899 Panigale - 959 Panigale - 1199 Panigale and 1299 Panigale and the second one only for the Panigale V2 model; next to each operation, there is the indication of the relevant mileage at which the intervention is required.

Scheduled Maintenance for Racing use
 899 Panigale, 959 Panigale, 1199 Panigale,
 1299 Panigale, Panigale V2 (all versions)
 Service Repair Bulletin SRV-SRB-20-006

Table I:

Scheduled maintenance operations for racing use valid for models **899 Panigale – 959 Panigale – 1199 Panigale – 1299 Panigale:**

LIST OF OPERATIONS WITH TYPE OF INTERVENTION AND MAINTENANCE INTERVALS FOR MOTORCYCLE RACING USE	km	Every 2,500 km	Every 5,000 km	Every 10,000 km
	mi	1,500	3,000	6,000
Check clutch plates pack thickness (trimmed only)		•		
Replace trimmed clutch plates pack			•	
Tighten the screws retaining clutch cover and clutch protection cover again (versions with magnesium covers only)		•		
Tighten vertical and horizontal head cover again (versions with magnesium covers only)			•	
Tighten oil sump retaining screws again (versions with magnesium sump only)		•		
Tighten water-oil exchanger retaining screws again		•		
Change engine oil and filter		•		
Change engine oil intake mesh filter assembly		•		
Check AIS reed valve and replace it if burnt			•	
Check and/or adjust valve clearance			•	
Check the wear condition of rocker arm sliding shoes			•	
Check cam lobe wear condition			•	
Replace mobile tensioner chain sliding shoe			•	
Replace con-rod shell				•
Replace cylinder head gasket				•
Replace cylinder liner O-ring				•
Replace pistons				•

Scheduled Maintenance for Racing use
 899 Panigale, 959 Panigale, 1199 Panigale,
 1299 Panigale, Panigale V2 (all versions)
 Service Repair Bulletin SRV-SRB-20-006

Table II:

Scheduled maintenance operations for racing use valid for the **Panigale V2** models

LIST OF OPERATIONS WITH TYPE OF INTERVENTION AND MAINTENANCE INTERVALS FOR MOTORCYCLE RACING USE	km	Every 2,500 km	Every 9,000 km	Every 18,000 km
	mi	1,500	5,500	11,000
Check clutch plates pack thickness (trimmed only)		•		
Replace trimmed clutch plates pack			•	
Tighten water-oil exchanger retaining screws again		•		
Change engine oil and filter		•		
Change engine oil intake mesh filter assembly		•		
Check AIS reed valve and replace it if burnt			•	
Check and/or adjust valve clearance			•	
Check the wear condition of rocker arm sliding shoes			•	
Check cam lobe wear condition			•	
Replace mobile tensioner chain sliding shoe			•	
Replace con-rod shell				•
Replace cylinder head gasket				•
Replace cylinder liner O-ring				•
Replace pistons				•

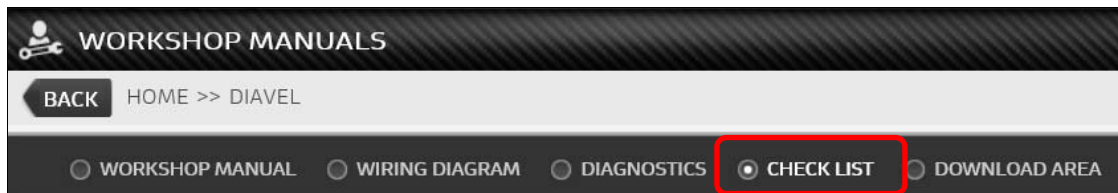

Scheduled Maintenance for Racing use

899 Panigale, 959 Panigale, 1199 Panigale,
1299 Panigale, Panigale V2 (all versions)
Service Repair Bulletin SRV-SRB-20-006

You can also download the new Scheduled Maintenance Check Lists for racing use for the following models in the "Check List" section dedicated to the Workshop Manuals 2.0 on the DCS:

- 899 Panigale
- 959 Panigale
- 1199 Panigale
- 1299 Panigale
- Panigale V2

NOTE

Please be reminded that the technical information contained in this document may undergo changes. We recommend checking such information against the data provided on the workshop manual and dedicated technical bulletins.
