

# WLC3 Stop Delivery - Replacing fuel injectors

Version 1

## WLC3 Stop Delivery - Replacing fuel injectors

---

### Vehicle Blocking

Vehicles must not be delivered to customers until the required remedial measure has been carried out. Therefore, please carry out the following Stop Sale, immediately.

---

### Overview

Fuel injectors that were not manufactured according to specifications may have been installed in the engines of the affected vehicles.

Therefore, all fuel injectors must be replaced before the vehicle is delivered to the customer.

**Model type**

Cayenne

---

<b>Model year</b>	2020
<b>Number of affected vehicles</b>	4

---

## Vehicle usage

The vehicles may only be driven for loading and unloading purposes in the transport chain. Further use is not permitted. Test drives are to be omitted.

## Test instructions and remedial measures

All fuel injectors in the affected vehicles must be replaced before delivery to customers. A Technical Information (TI) with the repair description and information on warranty processing will be published in calendar week 10/2020.

Until the Technical Information becomes available, the fuel injectors can be replaced by following the instructions in the workshop manual 244019 "Replace fuel injectors". Please note relevant preparatory work and additional parts required.

Warranty processing can take place as soon as the TI is available. We will inform you separately about this, as it becomes available.

### Required parts:

<b>Part No.</b>	<b>Designation</b>	<b>Qty.</b>
PAB906036	Fuel injectors	6 ea.

---

Additional required parts can be found in the workshop manual

Should vehicles have already been delivered to customers in the meantime contrary to expectations, please report them to [ryan.cooney@porsche.us](mailto:ryan.cooney@porsche.us)

Further procedures for these vehicles will be communicated at a later point of time.
