**TECHNICAL OPERATIONS**

**SUBJECT: AIRBAG CRASH PAD SURFACE IMPRINT**

This Pitstop provides information to avoid unnecessary replacement of the crash pad on some 2019~MY Rio (SC) vehicles due to an airbag outline/imprint usually noticed under sunlight conditions of the passenger crash pad surface. The impression shown cannot be eliminated by design. If a customer presents this concern, explain the design element of the impression as a normal condition.

**\* NOTICE**

**Replacement of the crash pad for this concern is NOT authorized for warranty reimbursement. Any warranty claims as a result will be subject to charge back.**

Passenger (Right Side) Dash Surface
