

Preliminary Information

PIP5703 Transmission control module restriction

Models

Brand:	Model:	Model Years:	VIN:		Engine:	Transmissions:
			from	to		
Chevrolet	Corvette	2020	All	All	All	All

Involved Region or Country	North America
Condition	Any diagnosis leading to replacement of the transmission control module.
Cause	Under investigation by GM engineering

As part of our ongoing continuous improvement we have placed the transmission control module (TCM 24290649) used in the 2020 Corvette on exchange.

This exchange program is in effect to provide quick detection and resolution of any transmission control module related concerns.

Please have the part number available prior to contacting TAC/PQC.

Please contact the Product Quality Center (PQC) by opening a new case via Dealer Case Management (DCM) From the DCM home page, click on "New PQC Case" found on the Technical Assistance tab.

Then in Global Connect click on the Support/Chat tab, TAC-PQC Tab, PQC -Parts Restrictions Templates to Download the PQC PIP5709 2020 Chevrolet Corvette Transmission Exchange Template and save a copy to your computer, You can attach a copy of the template to your PQC Case.

Note: (Do Not clear any DTCs prior to contacting the PQC). To aid in the information gathering process please attach session logs of the vin to the case. Important things to look at in GDS is the Module Identification screen in the TCM, Vehicle wide DTC scan, Transmission DTC data and any freeze frame or enhanced DTC data lists.
