LIMITED SERVICE CAMPAIGN K0P *(Remedy Notice)*

Multiple Models and Model Years Safety Connect System – Vehicle Location Inaccurate

Model / Years	Production Period	Approximate Total Vehicles
2013-2019 Model Year 4Runner	Mid-February 2013 – Late-January 2019	24,460
2011-2017 Model Year Land Cruiser	Mid-September 2011 – Late-July 2017	1,830
2016-2017 Model Year Mirai	Early-July 2015 – Mid-December 2017	2,280
2013-2017 Model Year Prius	Early-January 2013 – Early November 2017	4,400
2012-2017 Model Year Prius V	Early-April 2012 – Late-November 2017	1,340

Condition

The Data Communication Module (DCM) in the subject vehicles are equipped with software to identify the location of the vehicle using the Global Positioning System (GPS) to support features of the Safety Connect system. Due to incorrect programming in the DCM software, after November 2nd, 2019, the GPS coordinates for this system will be calculated incorrectly. This will cause the system to use incorrect vehicle coordinates if one of the system's features is activated.

Remedy

For all involved vehicles, any authorized Toyota dealer will reprogram the Data Communication Module at ***NO CHARGE*** to the vehicle owner.

Note: The vehicle does not need to have a current Safety Connect subscription to have this LSC performed.

This Limited Service Campaign will be available until December 1, 2022 and is only available at an authorized Toyota dealer.

Covered Vehicles

There are approximately **34,350** vehicles covered by this Limited Service Campaign. There were no vehicles distributed to Puerto Rico.

Note: Only vehicles which currently have or previously had an active Safety Connect subscription on or after 10/1/2017 are involved in this Limited Service Campaign.

Owner Letter Mailing Date

Toyota will begin to notify owners in Mid-September 2019. A sample of the owner notification letter has been included for your reference.

Toyota makes significant effort to obtain current customer name and address information from each state through industry resources when mailing owner letters. In the event your dealership receives a notice for a vehicle that was sold prior to the Limited Service Campaign announcement, it is the dealership's responsibility to forward the owner letter to the customer who purchased the vehicle.

Please note that only owners of the covered vehicles will be notified. If you are contacted by an owner who has not yet received a notification, please ***verify eligibility by confirming through TIS prior to performing repairs***. Dealers should perform the repair as outlined in the Technical Instructions found on TIS.

Dealer Inventory Procedures

New and Used Vehicles in Dealership Inventory (In-Stock Vehicles)

To ensure customer satisfaction, Toyota requests that dealers complete this Limited Service Campaign on any new or used vehicles currently in dealer inventory that are covered by this Limited Service Campaign prior to customer delivery. However, if the campaign cannot be completed (for example, due to remedy parts availability), delivery of a covered vehicle is acceptable if disclosed to the customer that the vehicle is involved in a Limited Service Campaign.

Toyota expects dealers to use the attached Customer Contact and Vehicle Disclosure Form to obtain vehicle buyer information. Dealers are expected to provide a copy of the completed form, along with the most current FAQ, to the vehicle buyer. Toyota and the dealer may use this information to contact the customer when the remedy becomes available.

Keep the completed form on file at the dealership and send a copy to quality_compliance@toyota.com. In the subject line of the email state "Disclosure Form KOP" and include the VIN.

NOTE: Dealers can identify if any of their new and used inventory has any open campaigns in the Vehicle Inventory Summary available in Dealer Daily (<https://dealerdaily.toyota.com/>). The Vehicle Inventory Summary may take up to 4 hours to populate information for newly launched campaigns.

Toyota Certified Used Vehicle (TCUV)

The TCUV policy prohibits the certification of any vehicle with an outstanding Safety Recall, Special Service Campaign, or Limited Service Campaign. Thus, no affected units are to be designated, sold, or delivered as a TCUV until all applicable Safety Recalls, Special Service Campaigns, and Limited Service Campaigns have been completed on that vehicle.

Customer Handling, Parts Ordering, and Remedy Procedures

Customer Contacts

Customers who receive the owner letter may contact your dealership with questions regarding the letter and/or the Limited Service Campaign. Please welcome them to your dealership and answer any questions that they may have. A Q&A is provided to assure a consistent message is communicated.

Customers with additional questions or concerns are asked to please contact the Toyota Customer Experience Center (1-888-270-9371) - Monday through Friday, 7:00 am to 7:00 pm, Saturday 7:00 am to 4:30 pm Central Time.

Safety Connect System Active Subscription Verification

Customers who receive the owner letter may contact your dealership to see if their vehicle has an active Safety Connect Subscription. Please use the Telematics tab on Service Lane to verify if the customers vehicle has an active subscription.

Note: The vehicle does not need to have a current Safety Connect subscription to have this LSC performed.

The screenshot displays the Toyota Service Lane VIN Search interface. At the top, there's a navigation bar with tabs: Home, TIS, Service Lane, and Help. Below this, a sub-navigation bar includes: Vehicle One-View, Toolbox, TCM, ASG, ACE, Knowledge Center, Service Connect, Performance, and CPOR. The main section is titled 'VIN Search' and contains a 'Vehicle Identification Number Search' form with a text input for the VIN, a 'Clear' button, and a 'Lookup' button. Below the form, there's a 'Vehicle Info' section with tabs for 'Specifications' and 'Key Rating'. The 'Specifications' tab is active, showing various vehicle details in a grid format:

Media Contacts

It is imperative that all media contacts (local and national) receive a consistent message. In this regard, all media contacts must be directed to Tania Saldana (859) 815-9968 in Toyota Corporate Communications. Please do not provide this number to customers. Please provide this contact only to media.

Technician Training Requirements

The repair quality of covered vehicles is extremely important to Toyota. All dealership technicians performing this repair are required to successfully complete the most current version of the E-Learning course "Safety Recall and Service Campaign Essentials". To ensure that all vehicles have the repair performed correctly; technicians performing this repair are required to currently hold at least one of the following certification levels:

- Certified Technician (any specialty)
- Expert Technician (any specialty)
- Master Technician
- Master Diagnostic Technician

Always check which technicians can perform the repair by logging on to <https://www.uotdealerreports.com>. It is the dealership's responsibility to select technicians with the above certification levels or greater to perform this repair. Carefully review your resources, the technician skill level, and ability before assigning technicians to this repair. It is important to consider technician days off and vacation schedules to ensure there are properly trained technicians available to perform this repair at all times.

Campaign Special Service Tools

*** DO NOT** use these tools except for this campaign.

Remedy Procedures

Refer to TIS for Technical Instructions on repair. Conduct all non-completed Safety Recalls and Service Campaigns on the vehicle during the time of appointment.

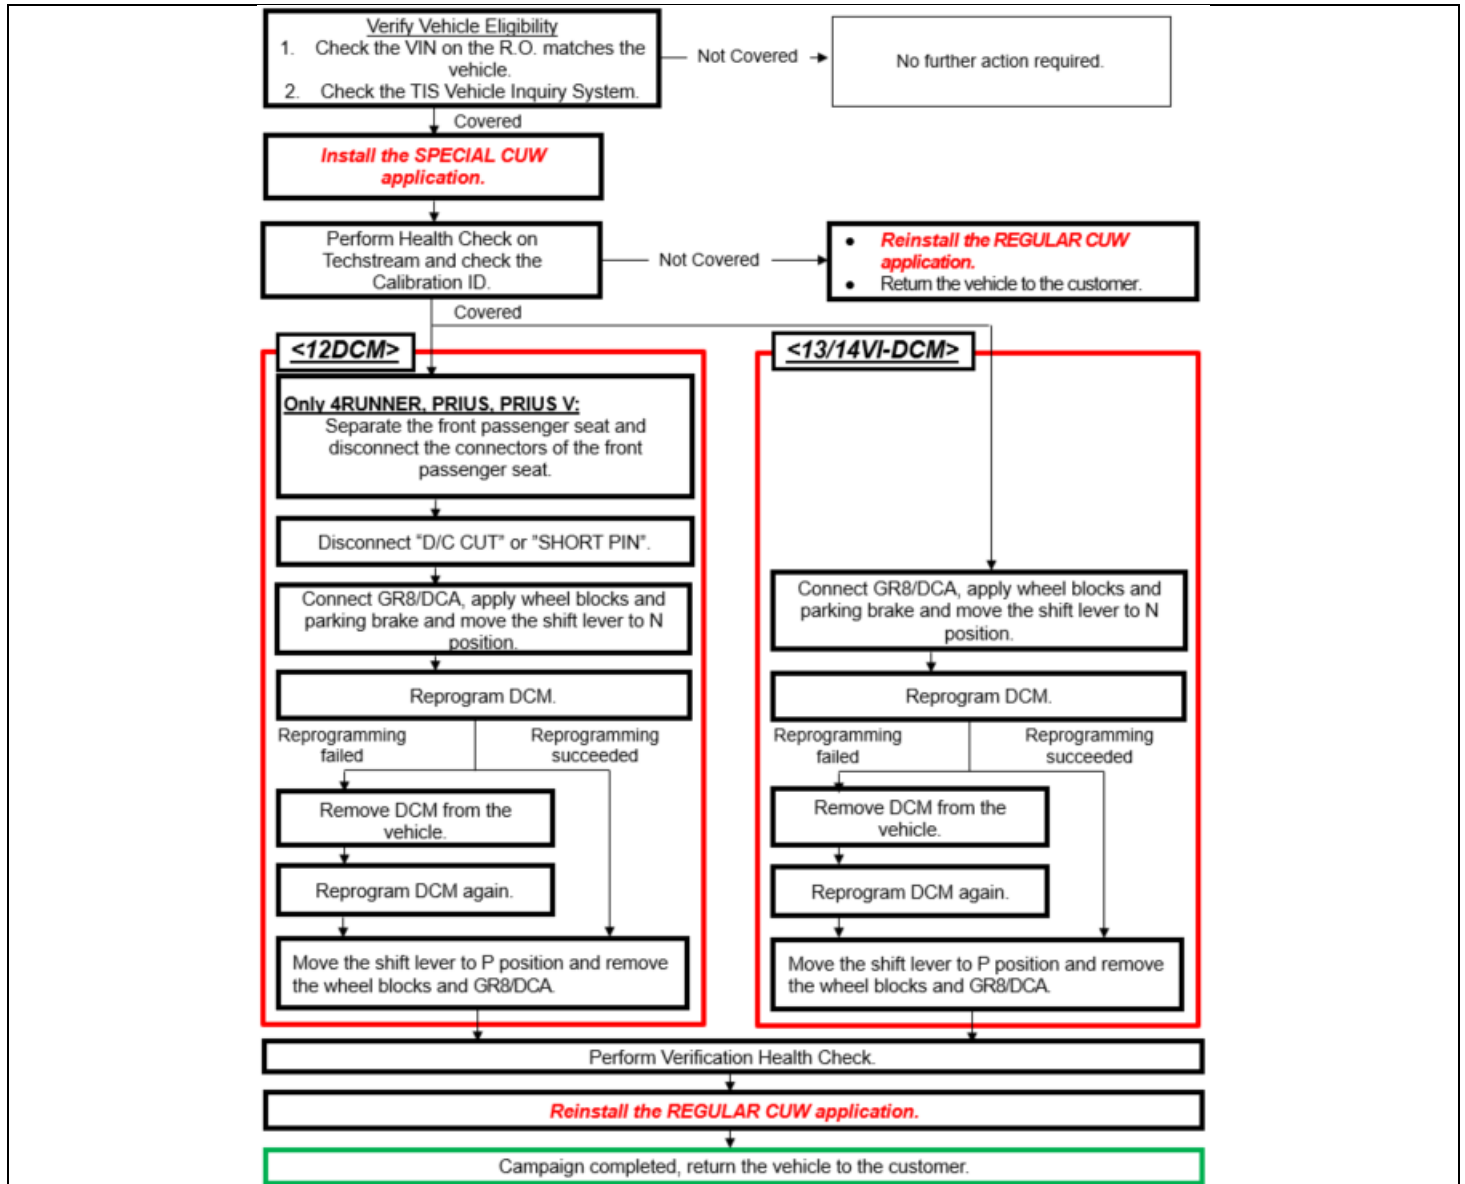

This Limited Service Campaign will be available until December 1, 2022, and is only available at an authorized Toyota dealer.

Repair Quality Confirmation

The repair quality of covered vehicles is extremely important to Toyota. To help ensure that all vehicles have the repair performed correctly, please designate at least one associate (someone other than the individual who performed the repair) to verify the repair quality of every vehicle prior to customer delivery.

Safety Connect System – Vehicle Location Inaccurate
Limited Service Campaign (Remedy Notice)

[VIN]

Dear Toyota Customer:

At Toyota, we are dedicated to providing vehicles of outstanding quality and value. As part of our continuing efforts to provide superior customer satisfaction, Toyota is announcing a Limited Service Campaign, which includes your vehicle.

You received this notice because our records, which are based primarily on state registration and title data, indicate that you are the current owner.

What is the condition?

The Data Communication Module (DCM) in the subject vehicles are equipped with software to identify the location of the vehicle using the Global Positioning System (GPS) to support features of the Safety Connect system*. Due to incorrect programming in the DCM software, after November 2nd, 2019, the GPS coordinates for this system will be calculated incorrectly. This will cause the system to use incorrect vehicle coordinates if one of the system's features is activated.

*Safety Connect is a subscription-based telematics service that uses Global Positioning System (GPS) data and embedded cellular technology to provide Automatic Collision Notification, Emergency Assistance, Enhanced Roadside Assistance, and Stolen Vehicle Locator services to subscribers.

What will Toyota do?

Any authorized Toyota dealer will reprogram the Data Communication Module **FREE OF CHARGE** to you.

What should you do?

Before you are inconvenienced by this condition, any authorized Toyota dealer will perform the software update **FREE OF CHARGE** to you.

Please contact your authorized Toyota dealer to make an appointment to have the software update performed. The remedy will take approximately two and a half to three hours. However, depending on the dealer's work schedule, it may be necessary to make your vehicle available for a longer period of time. ***This Program will be offered until 12/01/2022, and will only be available at an authorized Toyota dealer.***

Note: This repair is only necessary if the vehicle has an active Safety Connect subscription. If your Safety Connect subscription is no longer active and you do not intend to renew it at any point in the future, no action is necessary at this time. Toyota recommends that you save this notice in the glove compartment of your vehicle in case you or a future owner decide to renew your Safety Connect subscription in the future.

What if you have other questions?

- *Your local Toyota dealer will be more than happy to answer any of your questions.*
- For more information on this and other campaigns, please visit www.toyota.com/recall.
- If you require further assistance, you may contact the Toyota Customer Experience Center at 1-888-270-9371 Monday through Friday, 7:00 am to 7:00 pm, Saturday 7:00 am to 4:30 pm Central Time.

If you would like to update your vehicle ownership or contact information, please visit www.toyota.com/owners. You will need your full 17-digit Vehicle Identification Number (VIN) to input the new information.

If you are a vehicle lessor, please assist us by forwarding this notice to the lessee.

We have sent this notice in the interest of your continued satisfaction with our products, and we sincerely regret any inconvenience this condition may have caused you.

Thank you for driving a Toyota.

Sincerely,

TOYOTA MOTOR SALES, U.S.A., INC.
