

Service Bulletin

Bulletin No.: 20-NA-006

Date: February, 2020

INFORMATION

Subject: Information on Cold Weather Steering Hose Upgrade Kit

Brand:	Model:	Model Year:		VIN:		Engine:	Transmission:
		from	to	from	to		
Chevrolet	Silverado 2500HD/ 3500HD	2015	2020				
GMC	Sierra 2500HD/ 3500HD	2015	2020				

Involved Region or Country	North America
Condition	Some customers may comment on a power steering leak from the power steering hoses.
Cause	This condition may be caused by extreme cold affecting the pliability of the power steering hoses.
Correction	<p>Note: Some dealers may not be aware of the Cold Weather Steering Hose Upgrade Kit. Replace the power steering hose with a Cold Weather Steering Hose Upgrade Kit available from the GM Accessory Group.</p> <p>Important: The power steering hose upgrade kit replacement is a vehicle option and should only take place after a customer agreement for payment is obtained.</p> <p>⇒ Refer to Parts Information section below for ordering information.</p>

Parts Information

Use the vehicle identification number (VIN) and the GM Electronic Parts Catalog (EPC) Accessories (Group 21.581) to determine the which cold weather power steering hose to order.

Version	2
Modified	Released January 14, 2020 Revised February 24, 2020 - Updated the Parts Information section to remove the AIC links and refer to EPC for the power steering lines.

GM bulletins are intended for use by professional technicians, NOT a "do-it-yourselfer". They are written to inform these technicians of conditions that may occur on some vehicles, or to provide information that could assist in the proper service of a vehicle. Properly trained technicians have the equipment, tools, safety instructions, and know-how to do a job properly and safely. If a condition is described, DO NOT assume that the bulletin applies to your vehicle, or that your vehicle will have that condition. See your GM dealer for information on whether your vehicle may benefit from the information.
