**WARRANTY INFORMATION LETTER**

|                  |                                    |
|------------------|------------------------------------|
| <b>No.</b>       | <b>WI20-004</b>                    |
| <b>Release</b>   | 04/20/2020                         |
| <b>Effective</b> | 04/20/2020                         |
| <b>Subject</b>   | Warranty Long Block Program Change |

❖ **New Long Block Program**

Service locations have the responsibility to determine the most economical means of performing repairs, including using a long block, if available. As announced in a [DTNAConnect MyComm notice](#) on April 9, 2020, the Detroit Reman Long Block Program has expanded. The expansion reduces complexity in ordering reman engines and promotes stocking reman engines to meet uptime commitments.

Medium duty and all heavy duty engine series are in the new long block program. Warranty coverage for long blocks is not changing. Restrictions and penalties for non-warranty use were removed; pricing and part numbers are being updated.

❖ **Warranty Manual Revision**

The phrase, “warranty long block” will be updated to “long block” in these sections of the Warranty Manual:

- *Policies by Component > Engines and Engine Components > Detroit Engines*
- *Handling and Shipping of Failed Material > Powertrain Components – Shipping to a Detroit Reman Consolidation Center*

Access the Warranty Manual at [DTNAConnect > Warranty Lit > Other Warranty Documents > Manual](#).

**WARRANTY INFORMATION LETTER**
