

Product Announcement - Hendrickson Optimaax 6x2 Lift Axle

4/10/2020

Freightliner recently announced the availability of the Hendrickson Optimaax 6x2 lift axle. Due to quality concerns discovered late with pre-series builds, Freightliner has implemented a block in SpecPro as of April 9, 2020, to prevent ordering or quoting of this component until further notice. Please direct any questions regarding scheduled units to your CAE Sales Coordinator. Please direct any other questions to Clint LaPreze at Clinton.LaPreze@Daimler.com. Thank you!

SpecPro Update:

- 443-108 HENDRICKSON R-SRS OPTIMAAX 20,000# NON-STEER INTEGRAL DROP CENTER PUSHER AXLE is not available until further notice

Regards,

Clint LaPreze
