Oil Collection with Differential or Transfer Case Complaints

2018 Onward Range Rover, RR Sport, Discovery, RR Velar, F PACE

Customer Voice:

- There is a noise on turns.
- There is a judder from the vehicle.

Technical Description:

- The noise is traced to either the differential or transfer case.

Status:

- Prior to performing drain or flush, prepare a container that is suitable for the full specified oil contents of the unit.
- Collect the full oil contents of the unit and store safely for possible return/analysis.
- We are currently working on shipping arrangements for oil, so return or analysis may be requested independently of the unit itself.
