

# Service Campaign T4X Dealer Best Practice

Date: May 13, 2020

Attn: Dealer Principal/General Manager/Service Manager/Parts Manager

Subject: Service Campaign T4X: POWER TAILGATE SPINDLE WIRE HARNESS INSPECTION/UPDATE (TSB #20-01-022H) – v1

Updates To This Document	Date
<ul style="list-style-type: none"> <li>Initial communication to dealers.</li> </ul>	05/13/20

**\*\*\* Dealer Stock and Retail Vehicles Only \*\*\***

Dealers must perform this Service Campaign on all affected vehicles prior to customer retail delivery and whenever an affected vehicle is in the shop for any maintenance or repair.

### Affected Vehicles

Hyundai is conducting a Service Campaign to inspect the power tailgate harness and when necessary, perform the power tailgate spindle wire harness update.

The affected vehicles include:

- Certain 2019-2020 Nexo (FE) and 2020 Palisade (LX2) equipped with power tailgate.

Hyundai is initiating this action to ensure the quality of its vehicles and the continued satisfaction of Hyundai customers.

### Description

Certain 2019-2020 Nexo (FE) and 2020 Palisade (LX2) vehicles equipped with the power tailgate may experience a nonoperational condition. This campaign provides service procedures to inspect and when necessary, perform the power tailgate spindle wire harness update.

### Service Action

**Reservation** – Always check the Vehicle Information Screen in WebDCS for open campaigns and recalls, and advise the customer on time requirements.

**Readiness** – Review this announcement and the accompanying FAQs with all Service and Parts staff including Reservationist/BDC. Also, complete all applicable training, check your reservation capacity settings (you can set separate capacities for every recall/campaign), confirm email addresses for campaign appointments, and that you have all necessary tools, campaign parts and shop equipment as needed.

**Reception** – Always check the Vehicle Information Screen in WebDCS for open campaigns and recalls, and print a copy for technicians. Provide SRC or an alternative vehicle, as needed. If a customer has declined the campaign, note this on the repair order and request the customer's signature next to the statement.

- Eco-friendly vehicle owners should be provided an equivalent eco-friendly SRC, or alternative transportation, as needed.

**Repair** – Always plug in the GDS before starting the repair. Make sure to complete an MPI on all vehicles and Quality Control your work.

- Use Greeters, Porters and Service Consultants to bring vehicles to Technicians to make it easier for them to stay working in the bay.
- Ensure wire harness is not twisted after inspecting the power tailgate spindle wire harness.
- Be careful not to spill the Loctite 401 liquid onto the vehicle's paint surface.

**Return** – Review all completed campaigns and repairs to answer any customer questions. Also, schedule the customer's next service.

**Reconnect** – Follow up for customer satisfaction.

### Parts

Please review parts as outlined in the corresponding TSB (TSB #20-01-022H).

### Customer Notification

None

Thank you for your prompt attention to this important matter and continued commitment to Hyundai customers.
