Dear Customer:

Our records indicate there is a Product Improvement Software Calibration Campaign (C2191) for the Cummins B6.7 CM2350 Model Year 2017 to 2018 engine(s) that you own or have purchased. Please refer to the attached table for engines that may be affected.

We strongly encourage you to take advantage of this action as soon as possible. Software calibrations deliver engine performance updates that help ensure your vehicles are running at optimal levels.

To learn more, confirm your eligibility and schedule a service appointment, please call your local Cummins certified service location or Cummins Care by visiting us on the web at <https://care.cummins.com> or you are welcome to contact us at 1-800-CUMMINS. If you have already had this campaign performed, no further action is required; please disregard this notification.

Sincerely,

Cummins Campaign Administration
