

Information - New Transmission Oil Available - No Mixing Permitted (70/20)

Model Line: **911 Carrera (991)**

Model Year: **As of 2015 up to 2019**

Subject:

- **Final Drive for PDK transmission (Porsche Doppelkupplung) (I-no. 250)**
- **6-speed GT sports manual transmission (I-no. 486)**

Information: **A new transmission oil is available for the PDK and GT Sport manual transmission of the 911 Carrera (991).**

Remedial Action: Check transmission key and transmission number and use the new transmission oil part No. 00004330472, depending on the result of the check.

Parts Info:

Part No.	Designation
00004330472	New transmission oil
00004321012	Old transmission oil

Information

Mixing of the two oils, to correct the filling level, for example, is not permitted

Information

The new transmission oil (part No. 00004330472) is **not** approved for the following markets.

- Canada (C36)

Work Procedure

Checking transmission oil: Check transmission code and transmission number according to the table below.

- 1 Check transmission code on the vehicle transmission.
 - If this corresponds to the table, continue with step 2.
 - If it does **not** correspond to the table, end of action required. The transmission is not intended for the new transmission oil. The old transmission oil (Part No. 00004321012) can continue to be used.
- 2 Check transmission number on the vehicle transmission.

- The transmission number on the vehicle transmission is **lower** than the one contained in the table below, **use old transmission oil (Part No. 00004321012)** for the transmission.
- The transmission number on the vehicle transmission is **larger than/equal to** the one contained in the table below, **use new transmission oil (Part No. 00004330472)** for the transmission.

PDK transmission		
Transmission code	Part No.	Transmission number
G9105	9P1.300.042.A	G91052005169
G9106	9P1.300.041.B	G91061003463

G9135	9P1.300.061.A	G91351002332

6-speed GT sports manual transmission		
Transmission code	Part No.	Transmission number
G9190	9P1.300.064.C	G91905102416

Important Notice: Technical Bulletins issued by Porsche Cars North America, Inc. are intended only for use by professional automotive technicians who have attended Porsche service training courses. They are written to inform those technicians of conditions that may occur on some Porsche vehicles, or to provide information that could assist in the proper servicing of a vehicle. Porsche special tools may be necessary in order to perform certain operations identified in these bulletins. Use of tools and procedures other than those Porsche recommends in these bulletins may be detrimental to the safe operation of your vehicle, and may endanger the people working on it. Properly trained Porsche technicians have the equipment, tools, safety instructions, and know-how to do the job properly and safely. Part numbers listed in these bulletins are for reference only. The work procedures updated electronically in the Porsche PIWIS diagnostic and testing device take precedence and, in the event of a discrepancy, the work procedures in the PIWIS Tester are the ones that must be followed.
