

## Instrument cluster message "4MATIC inoperative" displayed

---

Topic number	LI54.30-P-070030
Version	3
Function group	54.30 Instrument cluster, display instruments, hazard warning device
Date	06-25-2020
Validity	Model series 177, 247, 118, and 167
Reason for change	Damage code added
Reason for block	

---

### Complaint:

After starting the engine, the instrument cluster display (A40/16) may show "4MATIC inoperative" erroneously (see attached).

Notes: Vehicles not equipped with 4MATIC are predominantly affected. However, in some circumstances a 4MATIC vehicle can also display this message.

4matic inoperative message.jpg	"4Matic Inoperative" message in IC

### Cause:

Previous software release of the instrument cluster control unit (N133/1)

### Remedy:

Ensure that no complaints exist regarding the 4MATIC system. If no other complaints exist, perform a software update of the instrument cluster control unit (N133/1).

NOTE: Do not replace any parts
