IMPORTANT EMISSIONS INFORMATION

This notice applies to your vehicle

VIN: **INSERT VIN HERE**

Subject: 2019 Indian Motorcycle

FTR 1200 / FTR 1200S Race Replica

VECI Decal Error

PLEASE READ IMMEDIATELY

Dear Indian Motorcycle Owner:

This notice is sent to you in accordance with the requirements of the United States Environmental Protection Agency (EPA). Indian Motorcycle has determined that a defect which relates to emission control standards exists in 2019 Indian FTR 1200 model motorcycles. Our records indicate that you have purchased a potentially affected vehicle.

The reason for this notice:

Indian Motorcycle has determined that 2019 Indian FTR 1200 motorcycles, designated for sale in the US and Canada, were manufactured with a Vehicle Emissions Control Information (VECI) decal that was printed with a typographical error which reads Permeation Family **KIDNPMETALR1** instead of **KIDNPP203BR1**. Permeation is a diffusion process where fuel vapor migrates through the component walls used in construction of the fuel system, and the permeation family defines a vehicle's capacity for fuel to pass into the atmosphere through evaporative emissions.

What you should do:

No action is required on your part. Your motorcycle does not have any permeation-related issues with the fuel system. This is only a label information error.
