

**SSM 48983 - 2020 Explorer/Police Interceptor Utility - Front Recovery Hook -  
Built On Or After 14-Nov-2019**

Some 2020 Explorer/Police Interceptor vehicles built on or after 14-Nov-2019 may not be equipped with an installation point behind the front fascia to mount a front recovery hook. The installation point was deleted as a running change. The vehicle is not mis-built. The addition of any parts would not be considered a warrantable repair. Do not submit a claim for this condition.
