Expiration Notification – Fuse Decal Dealer Announcement

Reference: PM606

Date: July 1, 2020

Attention: Dealer Principal, Sales, Service & Parts Managers

Affected Models/Years:	Affected Population:	Dealer Inventory:	SERVICE COMM Expiration date:
2007 Sentra (B16)	N/A	N/A	July 1, 2020

***** Campaign Summary*****

In 2006, Nissan launched a Voluntary Service Campaign on certain 2007 Model Year Nissan Sentra (B16) vehicles to replace the fuse cover decal with a new decal containing the correct reference. It was determined some of these vehicles may have an incorrect decal installed on the rear side of the sunglass holder. The incorrect fuse cover decal incorrectly specifies a 15 amp fuse for the stop lamp circuit, instead of the 10 amp fuse. All affected vehicles contain the correct 10 amp fuse.

Affected customers were sent a new fuse cover decal including instructions on how to replace the decal themselves. Parts specified for this campaign are no longer available through Nissan. This customer service campaign and customer reimbursement for these repairs are no longer available.

***** What Dealers Should Do *****

1. Service Comm will deactivate PM606 on any unrepaired VINs on **July 1, 2020**. No further dealer action is required.

***** Release Schedule *****

Repair	<ul style="list-style-type: none"> • Campaign bulletin NTB06-092 has been updated to reflect expiration of this voluntary service campaign. Please discard older copies.
