Involved Region or Country	North America
Additional Options (RPO)	9C1 - Police Patrol Vehicle (PPV) or 5W4 - Special Service Vehicle
Condition	A customer may comment that the rear park assist system chime is inoperative.
Cause	If the rear speaker outputs from radio have been disabled, or if the rear speakers have been removed or disabled for any reason, the rear park assist system chime will be inoperative. The customer will need to reconnect or install the rear speakers or speaker outputs to make the system operate correctly. NOTE: Some customers may route the front speaker outputs to the rear speakers at the radio and use the front speaker outputs for their own radios or equipment.

Correction:

None, as this was caused by the customer upfitting the vehicle.
