Revision Table

Instance Number	Published Date	Version Number	Reason For Update
2060389/2	8/14/20	27-20-01TT	Update to add GTI and specific Jetta model.
2060389/1	7/31/20	27-20-01TT	Original publication.

Technical Background

Error: "start stop" message continues to display on instrument cluster **-KX2-** after removing vehicle from transport mode.

Service

- Connect ODIS.
- Navigate to Engine > Control Module OBD > Clear DTC memory.
- Select Adaptations > Start/Stop Adaptation.

In the current status the display should indicate "Not Active".

- Click in the entry field on the right, select Activate and then select Apply.

With an ignition cycle the message should clear and Start/Stop should be functional.
