Case Number: S2008000094

Release Date: 07/15/2020

Symptom/Vehicle Issue: Uconnect Market Place APP Fatal Error Message

Customer Complaint/Technician Observation: Owner complains when attempting to use the radios MARKET PLACE APP, the radio responds with a fatal error message. Technician attempted to connect in an open area outside with the same result.

Discussion: The Market app will be updated via the AOTA (app over the air) process. It does not require any sort of customer intervention (as opposed to FOTA, which the customer has to accept). The error creating the connectivity issue is being investigated and expected to be corrected by the middle of the 3rd quarter 2020. No parts or repairs should be attempted at this time, the concern is not with the equipment within the vehicle Fig 1, 2, 3.
