## TOL NOTICE (US&CA) – July 10, 2020

### TOL Ref. # 15299-SVC

## NEW DIAGNOSTIC SOFTWARE 2020-7 RELEASE

Triumph has released version 2020-7 of the diagnostic software. It is now available to download and update your workshop PC. Please download (from the Triumph Diagnostic Software page under the Service/Technical menu) today and commence using with immediate effect.

- Please ensure all new bikes have the latest software downloaded at PDI.
- Please ensure the latest software is downloaded on all bikes being serviced.
- **PLEASE ENSURE ALL RELEVANT STAFF ARE INFORMED OF THIS UPDATE.** (Remember to update those returning from holidays/absence)

The release notes are stored and available to download at any time from the dedicated TDT page within TOL. Below is a summary of the changes in this latest version.

### 1. NEW SOFTWARE FUNCTIONALITY

- LCD Instrument Calibration Download implemented for Street Triple R and Street Triple R-LRH models only, from VIN 985752 up to VIN AC0897. Refer to Technical Bulletin 209 for requirements and details of this instrument download process.
- TFT instrument downloads optimized. There is no visual difference to the download process. Download times are reduced by approximately 30 seconds.
