Revision Table with 4 columns: Instance Number, Published Date, Version Number, Reason For Update. Row 1: 2060583/1, 8/28/20, 37-20-01TT, Original publication.

Technical Background

Fault codes B114E96 or B114F96 in Multifunction Steering Wheel Control Module -J453-. The Databus Diagnostic Interface -J533- needs to be configured upon Multifunction Steering Control Module -J453- replacement for vehicles that are not equipped with tiptronic buttons.

Service

- 1. After replacing the Multifunction Steering Wheel Control Module -J453-, check to see if the fault codes B114E96: Tiptronic downshift button on steering wheel internal malfunction and/or B114F96: Tiptronic upshift button on steering wheel internal malfunction occur in Address Word 19 (AW19) Databus Diagnostic Interface.
2. If the faults are present, in the self-selected test plan for "Adapt Multifunction Steering Wheel", remove the tiptronic function from the adaptation list and then recheck the AW19 to see if the faults have cleared.
