PAB1103: SCREAMIN' EAGLE - NEW STAGE KIT CALIBRATION AVAILABILITY

Purpose for Parts and Accessories Bulletin

To inform dealers of Screamin' Eagle® calibrations delayed availability. This delay covers the **new** Touring (119/122 ci) Stage III Kits and Softail® (128/131 ci) Stage IV Kits/Crate.

Markets Affected

All markets are affected.

Key Messages

The Screamin' Eagle team expects to have all necessary 49-State calibrations by September 07, 2020. This calibration downloads cover the following items.

- Screamin' Eagle Touring 119/122 ci Stage III Kits
- Screamin' Eagle Softail 128/131ci Stage IV Kits
- Screamin' Eagle 131 ci Softail crate engines

Harley-Davidson notifies its dealers through the bulletin process if dates change.

Summary and Parts Affected

By August launch, dealers will be able to order the parts in Table 1. However, Street Tuner 49-State calibrations will be delayed with expected launch of calibrations on September 07, 2020. Refer to Table 1 for the **new** Stage Kits/Crates which are impacted.
