If you receive this *iN* message, you may have and/or be receiving the vehicles that are affected by this request. Please check to see if you have VINs on the list

In the last few weeks, you received either an iN message or a phone call from AHM TRS group to hold certain 2021 Pilot that might have a sub-frame concern.

After comprehensive testing, AHM has determined that these vehicles are not impacted by the sub-frame concern and can be sold.

We apologize for the inconvenience and delay.

We appreciate your support and understanding with our original request.

Thank you.
