

## **SSM 49179 - 2015-2020 Edge, 2016-2018 MKX, 2019-2020 Nautilus - Parking Lamps Stay On And/Or Trailer Lights Flicker With Vehicle Turned Off**

Some 2015-2020 Edge, 2016-2018 MKX, and 2019-2020 Nautilus vehicles may exhibit the parking lamps stay on and/or the trailer lights flicker with vehicle turned off when a trailer is connected to the vehicle. This may be due to the software in the trailer module (TRM). To correct the condition, reprogram the TRM with the latest software of the appropriate Ford diagnostic scan tool. Use causal part 19H332 and applicable labor times from Section 10 of the Service Labor Time Standards (SLTS) Manual.
