Product Change Notice - New fastener for step pivot point

Dear Valued Customer:

Please be advised LCI is planning to change the coating on a fastener on our Kwikkee step series.

The fastener at the pivot point of the bottom step (Fig. 1A) will change from black oxide (Fig. 2) to zinc-plated (Fig. 3) for improved corrosion resistance.

There is no change in fit, form, function or installation with the coating change. There is no price change and no part number change. The change will be made on a running basis, starting on or around Sept. 1.

The change affects the following step assemblies:

- 427247
- 375880
- 378265
- 663303
- 373525
- 431585
- 774299
- 373524
