**“Right first time in Time”**

The recently announced Recall R10029, Front Seat Belt Fastening, requires a unique torx socket to complete the repair. Volvo will be supplying, qty (2) two Snap-On torx sockets to each retailer to assist with the repair. The temporary Volvo part number is 8640980. **These sockets will be sent “free of charge.”**

**NOTE: part number 8640980 has been created to carry out the allocation ONLY. It is not to be re-ordered.**

**Allocation:**

The plan is to begin shipping the tool to all U.S. and Canadian Retailers within the next two weeks.

**If additional sockets are needed please direct your purchase to Snap-On directly, using part number FTX50SE - T50 Torx Stubby Driver Bit**
