

C/S awning has trouble extending. when it finally extends, can see where fabric wearing/stretched from opening.

Rear corner of rail is getting stuck. Used silicone spray to lubricate it. Rail no longer is getting stuck, but fabric is two areas where has a major crease and has frayed thru. R/R awning fabric.

Please contact Carefree of Colorado at 800-621-2617 for warranty part and labor. 2.0 hours 1.0 approved to help.
