1845/9 for 1939 TCFG2 message missing ON 2013 CASCADIA VIN#FH8156 Feb 28, 2017 3:33 PM

I KEEP GETTING THIS ACTIVE CODE REPORTED THRU THE CPC, ANY IDEAS OF WHAT CAN CAUSE THIS, POSSIBLE TCU SETTING INCORRECT?

This fault code could be related to a battery voltage fault code. If you have low battery codes. Or can communication codes. These are usually related to low voltage codes.
