November 2020

Subject: EV School Bus Software & Air Dryer Update

Freightliner Custom Chassis has determined that a software update is needed to address a possible water condensation build up in the air compressor. The EV Control Unit (ECU) software and air dryer will be updated on your vehicle. This notice is not considered safety related, but rather a customer notification and recommendation that it be repaired.

Authorized Freightliner & TBB Service Centers will perform this update. Please contact your dealer before the expiration date of this notice to schedule an appointment to have this work performed.

This work will be performed at no charge if completed before **December 31, 2021**. Please direct any questions to Freightliner Custom Chassis at 800-FTL-HELP (800-385-4357) or alternatively, you may send an email to Fccservice@daimler.com.

Thank You

Freightliner Custom Chassis
