

## TECHNICAL TOPICS

### POWERTRAIN

#### Check Engine MIL with DTC P2402

13MY - Onward Range Rover, RR Sport, Discovery

##### Customer Voice:

- The Check Engine MIL is illuminated.

##### Technical Description:

- One of the following DTCs are stored in the PCM - P2402-00, P2405-00, P2406-00, P2407-00.
- Guided diagnostic leads to replacement of the DMTL pump.

##### Status:

- Caps for the DMTL vent have been designed to eliminate contamination of the pump after replacement.
- We are currently in the process of obtaining stock of LR155089 DMTL filter cap.
- A TSB will be issued once service caps are available.
