General Questions

FAQ	Answer
What is included in Connected Services?	Like a personal assistant for your Mazda, access your vehicle's health report, remotely start your engine, lock and unlock the doors and more through the MyMazda app on your mobile device. All complimentary for the first three (3) years of ownership. The vehicle can also be equippped with in-car Wi-Fi capabilities and provide access to emergency services like automatic 911 dialing and roadside assistance.
What benefits come with Connected Services?	Connected Services utilizes a built-in cellular data connection between the vehicle and the MyMazda smartphone app, offering remote access to a variety of great features, including: 1. Monitoring your vehicle status from nearly anywhere 2. Remotely starting your vehicle from much farther away than key-fob-activated remote start systems 3. Using Vehicle Finder to more easily find your vehicle; especially helpful when parked in a large, crowded parking lot.
On which vehicles is Connected Services available?	Connected Vehicle Services are available on the applicable models shown at the beginning of this Service Alert. Other models to feature Connected Services have yet to be announced.
How do I know my Mazda supports Connected Services?	Applicable models (all trims) support Connected Services. Signal strength can be checked on the Mazda Connect center display. On the Mazda Connect home screen, go to "Navigation" or "Entertainment" and look for the telematics icon at the bottom right of the screen.
Is Connected Services available on manual transmission vehicles?	Yes, Connected Services features are available on manual transmission vehicles. However, the remote engine start/stop feature is not available for manual transmission vehicles.
When will the free Connected Services and Wi-Fi trial periods be activated?	At time of RDR. In the case of an RDR reversal, Mazda's systems will identify the final retail sales date for that VIN and restart the clock for the 3-year free trial.

CONSUMER NOTICE: The information and instructions in this bulletin are intended for use by skilled technicians. When can I get Connected Service for my 2019 Mazda3?	Available 10/16/2020. AfterCSP06completion, Connected Service can be activated via the MyMazda app after entering the VIN and reading the entire disclaimer before checking "I Agree".

Setup and Getting Started

FAQ	Answer	
Is it mandatory to enroll in Connected Services?	No, it is an optional service. However, if you do want to use Connected Services features, enrollment via the MyMazda app is required.	
How can I opt out of Connected Services?	If you are enrolled in Connected Services, you may unsubscribe at any time via the MyMazda app, using the following directions: 1. Go to “hamburger menu” (i.e., three vertical lines icon) on the top right of the app screen 2. Tap MyMazda 3. Tap My Vehicle 4. Tap on “more options menu” (i.e., three vertical dots icon) on the top right of the app screen 5. Tap on “Unsubscribe Connected Services” 6. Confirm pop-up warning message	
Is there a subscription fee for Connected Services?	Yes. While Connected Services is complimentary for the initial three (3) years from the original vehicle purchase date (i.e., RDR date), there is a fee after the 3 years. The subscription fee after the complimentary period has yet to be determined.	
What data does Connected Services collect?	Connected Services collects a variety of data, including: Information at registration: 1. Personal information 1. Name 2. Address 3. Phone Number 4. Email

Do I need an internet connection to access Connected Services?	Yes. The MyMazda app will not work without an internet connection.	
When pairing the MyMazda app to a vehicle, does the authorization code expire?	Yes, the code expires after 5 minutes. If it has expired, you can request a new authorization code via the MyMazda app. Simply return to Connected Services Enrollment, proceed to the step “Request Authorization Code,” then tap “Request.”	
What is the difference between the two-way authorization validation code and the authorization code?	While both codes are for security purposes, they work differently: 1. **Validation Code:** Used for two-way authentication when you initially sign into your MyMazda app account. This code is sent to the your smartphone device via SMS. You will enter your validation code in to the MyMazda app after receiving it via SMS during the app registration process. 2. **Authorization Code:** Used to pair your MyMazda account to the vehicle. This code is sent to the vehicle’s head-unit display. You will then enter the authorization code in to the MyMazda app after confirming it on the vehicle’s head-unit display during Connected Services enrollment.	
What Connected Services functions can be accessed in Guest Mode?	You can SIMULATE Connected Services functions in Guest Mode (not connected to a vehicle) by simply selecting "Guest Mode" from the MyMazda app login screen. Then, select applicable vehicle to see how Connected Services features like Remote Start and Vehicle Status look on the MyMazda app. Guest Mode also provides helpful features, including dealer search, recommended maintenance schedule, manuals and guides, Roadside Assistance and a variety of other Menu options. Register for a MyMazda account and enroll in Connected Services to experience the full suite of features.	
Can multiple users be registered under the same email address?	No, additional users must use email addresses that are not currently used on the MyMazda app and MyMazda Web.	
What about loaner vehicles? Will the Connected Services functions be activated?	Connected Services functions can easily be activated on applicable models via the MyMazda app, even a loaner. If a customer utilizing the loaner activates their phone, after returning the loaner, the dealer (or next customer) can override at any time via MyMazda app.

	Connected Services at the same time. As your customer information will remain in the system, if you are planning on using a Connected Services-capable Mazda vehicle afterwards, you can continue using the MyMazda app by registering the vehicle.	
How do I delete my account from the MyMazda app?	You can delete your account from the MyMazda app entirely using the following directions: 1. Tap “PROFILE” from the MENU. 2. Tap “Edit Profile” from the Action Tab. 3. Tap [DELETE ACCOUNT]. 4. Read the WARNING carefully, and tap [CONFIRM] if you are sure you wish to delete your account. By deleting your account, you are withdrawn from Connected Services automatically, and the vehicle registration information connected to your account is deleted.	Does deleting my MyMazda app account cancel my Connected Services subscription?	Yes, deleting your MyMazda account ends your subscription to Connected Services.	
For subsequent owners of the vehicle, how do we re-register the vehicle to the new owner and shut off data from the first owner?	New owner can simply override the Connected Services functionality from the first owner at any point via MyMazda app. New owner is alerted that they are taking over from another owner. The first owner is notified that services are terminated.	

WI-FI General Information Applicable Mazda3/CX-30 (Applicable CX-5 and CX-9 available end of October 2020)

FAQ	Answer
What is in-vehicle Wi-Fi?	In-vehicle Wi-Fi lets you use your vehicle as a Wi-Fi hotspot so you can connect to the internet and stream media such as music, video and so on.

CONSUMER NOTICE: The information and instructions in this bulletin are intended for use by skilled technicians. Mazda technicians utilize the proper tools/ equipment and take training to correctly and safely maintain Mazda vehicles. These instructions should not be performed by “do-it-yourselfers.” Customers should not assume this bulletin applies to their vehicle or that their vehicle will develop the described concern. Do I need a wireless plan to access the internet with my vehicle's Wi-Fi hotspot?	Yes. You can take advantage of the free trial through: 1. Applicable Mazda3 and CX-30 - Verizon that's good for 2GB or 6 months 2. Applicable CX-5 and CX-9 - ATT that's good for 2GB or 3 months whichever comes first. After the free trial period, you can sign up to Verizon's/ATT wireless plan to continue services.
How do I set up the in-car Wi-Fi hotspot? (Mazda3 and CX-30) **NOTE:** Applicable CX-5 and CX-9 vehicles available end of October 2020.	The in-car Wi-Fi hotspot is a separate service provided by Verizon/ATT for Mazda vehicles. Verizon will be the service provider for applicable Mazda3 and CX-30 vehicles, with all service agreements being made between Verizon and the customer. ATT will be the service provider for applicable CX-5 and CX-9 vehicles, with all service agreements being made between ATT and the customer. Using your device, discover the vehicle's designated SSID and use the appropriate password to set up. Or, you can check for instructions within MyMazda by accessing QUICK LINKS and tapping "In-Car Wi-Fi."
Will devices automatically connect to the hotspot after setup?	Yes. Following setup, devices within range will automatically connect to the hotspot as long as their Wi-Fi is enabled.
What is the download speed?	As the Wi-Fi uses Verizon, your Mazda uses America's largest and most reliable 4G LTE network. Download speeds typically run between 5 and 12 Mbps, with peak download speeds reaching up to 50 Mbps.
What happens if I reach my Wi-Fi data limit during my subscription?	If you reach the limits list below, simply continue services by signing up for Verizon's/ATT's wireless plan. Verizon/ATT offers an unlimited plan for $20 per month. 1. Applicable Mazda3 and CX-30 - 2GB / 6-month free trial 2. Applicable CX-5 and CX-9 - 2GB / 3-months free trial
How many devices can be connected to the Wi-Fi hotspot at any given time?	You can connect up to five (5) devices to the Wi-Fi hotspot at a time.
Am I able to check how much data I've used each month once I have a Wi- Fi subscription?	During the free trial, you can monitor how much of the 2GB / 6-month limit was used. If you enroll in Verizon's/ATT's $20-per-month unlimited plan, there will be no data limit.

CONSUMER NOTICE: The information and instructions in this bulletin are intended for use by skilled technicians. Mazda technicians utilize the proper tools/ equipment and take training to correctly and safely maintain Mazda vehicles. These instructions should not be performed by "do-it-yourselfers." Customers should not assume this bulletin applies to their vehicle or that their vehicle will develop the described concern. © 2020 Mazda North American Operations, U.S.A.

Where will I have Wi-Fi coverage?	Within the United States, Connected Services uses Verizon's network, America's largest and most reliable 4G LTE network. When driving in Canada, roaming is available, with up to 512 MB per day available at 2G speeds.
Can an owner use a different Wi-Fi provider than Verizon in the future?	No, only Verizon/ATT. This platform is hard-coded to only function with Verizon/ATT services. Consideration is being offered for greater flexibility with future generation platforms.

WI-FI How-To

FAQ	Answer
How do I connect a device to my vehicle's Wi-Fi hotspot?	Using your device, discover the vehicle's designated SSID and use the appropriate password.
How do I turn the Wi-Fi hotspot on/off?	First, access the Wi-Fi Settings menu: 1. Select Settings from the Mazda Connect MENU. 2. Select Connectivity. 3. Select Wi-Fi Settings. From here, you can turn the Wi-Fi off or on. You can also set a designated SSID and password, much like you would with a home router.
How do I manage my Wi-Fi hotspot password?	You can manage the Wi-Fi password by following these steps: 1. Select Settings from the Mazda Connect home screen. 2. Select Connectivity. 3. Select Wi-Fi Settings. 4. Select Wi-Fi Password to manage the password.
What if I forget my Wi-Fi password?	You can manage the Wi-Fi password by following these steps: 1. Select Settings from the Mazda Connect home screen. 2. Select Connectivity. 3. Select Wi-Fi Settings. 4. Select Wi-Fi Password to manage the password.

WI-FI Trial Period

FAQ	Answer
How do you begin the Wi-Fi trial?	Any applicable free Wi-Fi trials and monthly subscriptions are handled directly with Verizon/ATT.

Can I add multiple Connected Services drivers to the same Connected Services account?	Yes, the primary driver can invite up to three (3) other Connected Services drivers through MyMazda. The primary driver can also cancel the invites at any time through MyMazda. To add drivers: 1. Go to "My Vehicles" 2. Tap “Manage Drivers” 3. If a spot is available, tap “+ Invite Driver” If you change your mind, you can tap “Cancel Invitation” to retract your invitation to a secondary driver.	Can I use the app on a tablet instead of a smartphone?	Yes, but some functions may not work properly, as tablets are not fully supported.	
Can I use the Remote Control feature while sitting in the connected vehicle with the key?	No, none of the Remote Control functions will operate if the key is located inside the car, or if all of the doors are not closed.	
Can I schedule a service appointment using Connected Services on the Mazda Connect display in my vehicle?	No, you can only schedule a service appointment through the MyMazda app (or web), not through the in-vehicle Mazda Connect display.	
When are Vehicle Status and Vehicle Health Report data updated?	Vehicle Status and Vehicle Health Report data is updated after ignition off. As long as the engine is running, information is not updated, even if it is refreshed. **NOTE:** 1. It may take several minutes for Vehicle Status and Vehicle Health Report to be updated after ignition off. 2. Vehicle Maintenance due data is pulled from the vehicles MAZDA CONNECT system. The customer can change the settings at: MAZDA CONNECT - Information - Vehicle Status Monitor - Vehicle Maintenance Settings.

If I lose my phone, how can I restrict access to Connected Services?	You may login to Connected Services using any other smart device by downloading the MyMazda app and using your MyMazda login credentials. Even if you don't have another smart device, access to Connected Services will be restricted to other users by the Identification Management system of the MyMazda app (cannot login without password or biometric login).

Service Issues

FAQ	Answer
Is my Connected Services reception affected by weather conditions or geographic features such as tunnels or steep valleys?	Yes, inclement weather, remote locations, enclosed areas, or underground parking garages can affect your service. Use the radio wave reception level indications of the communication unit to determine if your Connected Services reception is being affected. For details on the system's limitations, refer to the Terms and Conditions.
Can I use Connected Services as normal during an app update?	It may not be possible to use certain Connected Services functions during a MyMazda online update.

Troubleshooting

<table>
<tr><th>Problem</th><th>Solution</th></tr>
<tr><td rowspan="2">Vehicle center display does not provide Authorization Code during the MyMazda App connected services enrollment.</td><td>1. Check customer phone and vehicle reception strength. Retry when reception strength is good or strong.
Go to Reception Level Inspection</td></tr>
<tr><td>2. Connected Services Enrollment step 1/3 "Turn Ignition ON", wait 30 seconds before you select "Next" on the phone App.
This allows the communication unit time to connect.
NOTE: Vehicles stored for long periods may loose GPS clock sychronization. If the vehicle is stored for a long period, test drive the vehicle to give the GPS clock time to sychronize before enrolling.
 </td></tr>
<tr><td>2020 Mazda3 Infotainment Software Update Error</td><td>Some 2020 Mazda3 vehicles may have incorrect infotainment software version 10042 installed. The incorrect software will cause MyMazda App Connected Vehicle enrollment errors.Go toSSPC1.

</td></tr>
<tr><td>Remote function(s) inoperative.

1. Engine Start / Stop
2. Door Lock / Unlock
3. Lights ON / OFF</td><td>1. Check customer phone and vehicle reception strength. Retry when reception strength is good or strong.
Go to Reception Level Inspection

2. Check for DTC(s) stored. If stored, clear/repair DTC(s) and then retry.
NOTE: Vehicles stored for long periods may loose GPS clock sychronization. If the vehicle is stored for a long period, test drive the vehicle to give the GPS clock time to sychronize before testing connected vehicle functions.</td></tr>
<tr><td>First remote control attempt fails, second attempt works fine.

1. Engine Start / Stop</td><td>Go to TSB 16-002/20.</td></tr>
</table>

2. Door Lock / Unlock 3. Lights ON / OFF		
Remote Engine Start inoperative due to: 1. Aftermarket Remote Engine Start accessory installed. 2. Mazda Remote Engine Start (BCKA-V7-620) accessory installed. 	1. Remove the aftermarket accessory. 2. The customer can use either the Mazda Remote Engine Start accessory or the MyMazda App function. Cannot use both. **Mazda Remote Engine Start (RES) Removal** a. Remove the Mazda Remote Engine Start (RES) accessory module. b. Deactivate and activate Advanced Key(s). Refer to MGSS IMMOBILIZER SYSTEM-RELATED PARTS PROGRAMMING [(US)]	
I can't access Connected Services via MyMazda app.	To regain access to Connected Services, follow these steps: 1. What vehicle do you have? See applicable models shown at the beginning of this Service Alert. 2. Have you downloaded the MyMazda app and registered for an account? If not: For an iOS device (iPhone, iPad), download the MyMazda app from the App Store. The device must be running iOS 9.0 or newer. For an Android device, download the MyMazda app from Google Play Store. The device must be running Android 7.0 or newer. 3. Have you already enrolled in Connected Services? If you aren't enrolled in Connected Services, follow the enrollment process. Download the MyMazda app from the app store, if necessary. *Note to CEC/Tech Hotline/Dealer: If the customer is*

	enrolled in Connected Services, follow incident management protocol.	
I can't access the in-car Wi-Fi hotspot. Applicable CX-5 and CX-9 available end of October 2020.	If you are unable to access the in-car Wi-Fi hotspot, follow these steps: 1. See if your device's Wi-Fi access is turned on. 2. Make sure your vehicle is running or in accessory mode. 3. You can follow the steps below to find your Wi-Fi network name: a. Select Settings from the Mazda Connect home screen. b. Select Connectivity Settings. c. Select Wi-Fi Settings. d. Select SSID (Access Point Name). e. Find the SSID on your device, then select it. 4. Now follow the steps below to find your Wi-Fi network password: a. Select Settings from the Mazda Connect home screen. b. Select Connectivity Settings. c. Select Wi-Fi Settings. d. Select Wi-Fi Password. e. Enter the password displayed on the device to connect to the Wi-Fi network.	
I made multiple remote service requests within a 60-second period.	You can only make one (1) remote request within a 60-second period. For example, if you accidently made a "remote unlock" request and now want to send a "remote lock" request, you will have to wait at least 60 seconds before you can make the second request.	
I didn't use the vehicle for a week, and now I can't access Connected Services.	Simply drive the vehicle as normal for a few miles and Connected Services should start working again.	
I left my key in the vehicle. Can I still use Connected Services, like remote engine start?	No, you will see a "Fail" error message upon making a remote service request (e.g., remote engine start) if you leave the key in the vehicle. The key must be kept outside the vehicle to execute remote services.	
I am locked out from the app after failing to log in a few consecutive times.	If you have made five (5) failed login attempts, you must wait five (5) minutes before you can attempt to log in again.	
The Remote Control lock/unlock function isn't working.	Double-check your vehicle. The lock/unlock function will not work if the engine is running, the key is left inside the vehicle or any of the doors are opened.	
I used Remote Engine Start, but when I opened the door to my vehicle, the engine turned off.	When Remote Engine Start is used, the engine will turn off when any of the doors are opened.

How do I block MyMazda App remote functions when vehicle is being serviced?	MyMazda App remote functions can be restricted by switching to Restricted Transmitting Mode. 1. Restricts MyMazda App remote functions. 2. Prevents error messages being sent to the customer during vehicle service. Cancel Restricted Transmitting Mode after completing vehicle service. Go to MGSS SERVICE CAUTIONS FOR VEHICLES WITH TELEMATICS COMMUNICATION SYSTEM [(US)].
Engine turns off a few seconds after remote engine start	Possible Powertrain DTC's stored. Repair DTC's and then retry.

Reception Level Inspection

Indication	Explanation
	Radio waves are not being received. Move to a location with good reception.
	Weak reception.
	Good reception.
	Strong reception.
	Currently conducting an operation check of the communication unit. If this condition continues, consult an Authorized Mazda Dealer.
	1. The Telematics Communication Unit (TCU) is unsubscribed 2. Connected Service contract has ended 3. TCU has not been initialized, go toSA-010/20

Dealer Processes

Is there an opportunity at PDI to test the system?	No special action is required to activate at PDI other than the room fuse installation, which is already part of the current PDI. We recommend checking for signal after installing room fuse. See the image below for how the connectivity signal bar looks (it's the vertical stack bar on the right bottom corner). This connectivity signal bar is not displayed on the "Home" screen, so the PDI Inspector would have to go into the "Entertainment" or "Navigation" menu to check it. To confirm it is working properly, the bar should be white like the image below.
The handbook states that a “moderate collision” will dial 911. Please define “moderate.”	If an airbag is deployed.
Will the customer have to sign a disclaimer for a loaner vehicle that has Connected Services activated?	If the customer is downloading the MyMazda app to use the Connected Services functions, they will sign the disclaimer as part of the MyMazda process. If the customer is not downloading the app but the dealer has set it up for their own purposes (e.g., vehicle location), then it is the dealer's responsibility to disclose to the customer.

Remote Engine Start Will Not Function under the following conditions

Item	Condition
1	Vehicle battery voltage low
