

Technical Service Bulletin
CNG PRD Vent Cap Update
ENP-763
November 19, 2020

1. Introduction

Certain Agility Fuel Solutions LLC (Agility®) fuel systems have been fitted with heat shrink PRD vent caps which have been slitted from the factory. *Figure 1*

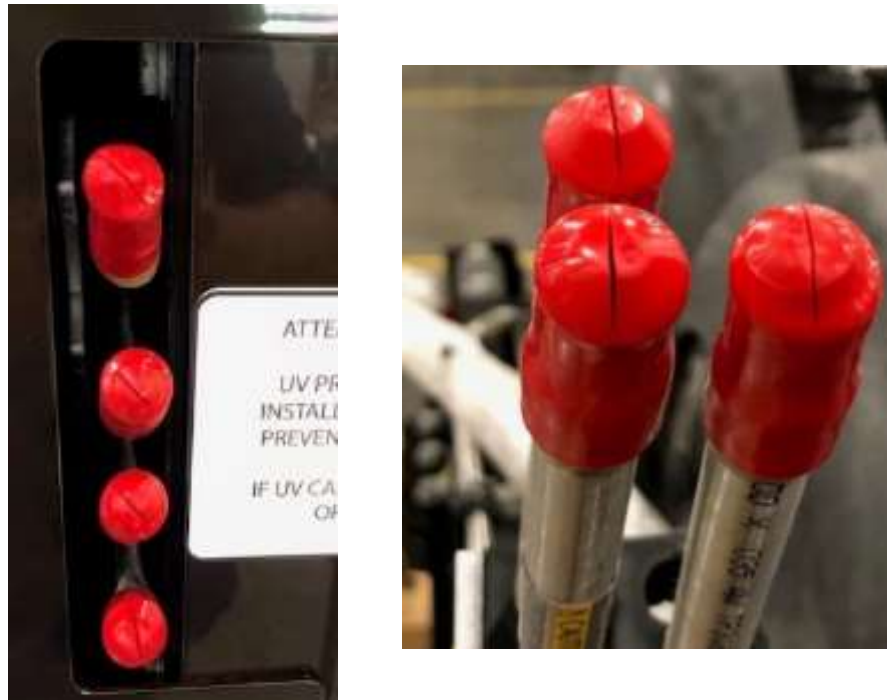

*Figure 1.
Typical slitted PRD vent caps.*

Other Agility® fuel systems are fitted with non-slitted heat shrink PRD vent caps. *Figure 2*

*Figure 2.
Typical non-slitted PRD vent caps.*

Use of either slitted or non-slitted PRD vent caps is acceptable. However, verification of the presence of all PRD vent caps must always be part of daily pre-trip vehicle walk around inspections.

2. Affected Units

All Agility CNG fuel systems equipped with p/n 10712383 heat shrink PRD vent caps.

3. Inspection / Corrective Action

1. Continue performing required daily driver pre-trip inspections which include verifying all PRD vent caps are in place. *Refer to Agility® ENP-516 “Truck and Tractor CNG Fuel System Operation, Maintenance & Inspection Manual” or OEM-specific fuel system operating and service instructions.*
2. If all PRD vent caps are in place, further action is required.
3. If a PRD vent cap is missing:
 - Inspect PRD vent tube for physical damage or intrusion from moisture or debris.
 - *If damaged:* Replace PRD vent tube assembly if damaged. *Refer to OEM-specific service manual.*
 - Clear any moisture or debris from PRD vent tube. *Refer to OEM-specific service manual.*
 - Check PRD body for rust or corrosion. If PRD body shows signs of rust or corrosion, the PRD must be replaced. *Refer to OEM-specific service manual.*
 - Install new PRD vent cap, p/n 10712383. *Refer to Agility® ENP-501 “Maintenance Reminder: Pressure Relief Device Vent Tubes and Caps.”*

4. Support, Service or Parts

Fuel system in- or out- of warranty product support and parts may be obtained by calling Agility® Customer Care or via email.

+1 855 500 2445 (toll-free, U.S. and Canada)
