Subject:	VIN Tyre Data Label Replacement	
Model(s):	DBX	
VIN Range:	Refer to the separately published list of affected Vehicle Identification Numbers (VINs)	
Applicable to:	United States and Canada	
Distribute to:	After Sales Manager Executive Manager Service Manager Sales Manager	Warranty Staff Technician(s) Parts Staff

## Reason for this Quarantine Notice

Aston Martin has found that some vehicles have incorrect VIN tyre data labels installed. Vehicles that have -AA revision level labels installed must be replaced with -AB labels.

## Workshop Procedure

1. Take a photograph of the VIN found in the front right side footwell and the VIN sticker on the driver's side B pillar. This is necessary for security reasons for parts operations to generate a new label.

2. Inspect the VIN sticker on the driver's side B pillar.

Figure 1 shows the correct VIN label for the US market.

Figure 2 shows the correct label for the Canadian market.

If the part numbers shown are incorrect refer to the Part Data.

If the part numbers are correct photographic evidence of the fitted label must be submitted to:

[Chris.Ryder@astonmartin.com](mailto:Chris.Ryder@astonmartin.com)

If the part number is incorrect, fit the replacement label and submit photographic evidence of the fitted label to:

[Chris.Ryder@astonmartin.com](mailto:Chris.Ryder@astonmartin.com)

**Note: These images show the correct part number that must be installed to US and Canadian vehicles.**

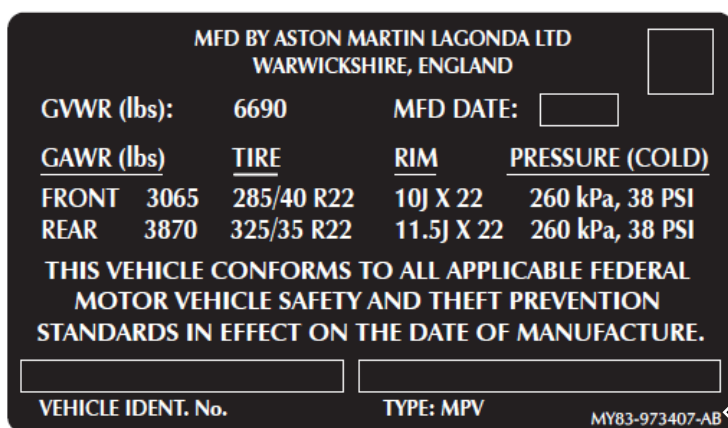

Figure 1

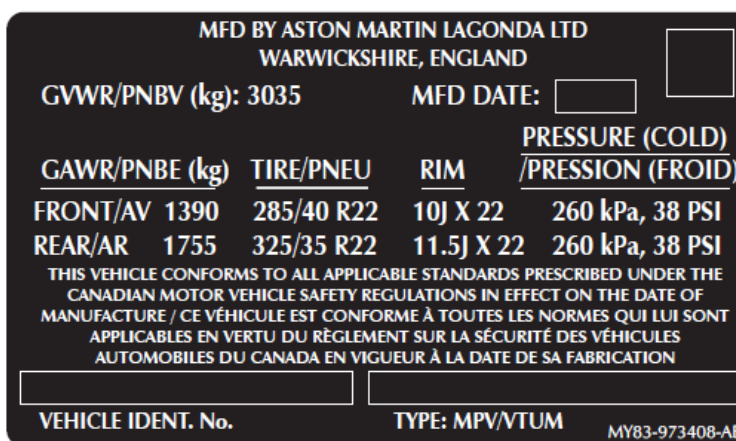

Figure 2

3. If the label is incorrect, use a heatgun to carefully remove the label.

**CAUTION: CARE MUST BE TAKEN TO AVOID DAMAGE TO DOOR SEALS AND PAINTWORK.**

4. Use an alcohol wipe to clean the area before you install a new VIN label.

**Warranty Data**

**Procedure and Labour Time**

**Tier A:**
