Symptom/Vehicle Issue: Headlamp Switch Dimmer Switch Controls Cannot Control Interior Ambient Lighting

Discussion: Owners may complain the headlamp dimmer switch does not adjust the interior ambient lighting. Jeep Wrangler Unlimited Sport models are not equipped with interior ambient lighting control features, sales code LHA – Ambient LED Interior Lighting. Addition of the sales code LHA, and performing the tool function to restore the vehicle configuration will allow the feature to be internally set. Engineering is investigating updating the vehicles standard feature options for future updates.
