

# WARRANTY BULLETIN

**TO:** Dealer Principal, Service Manager,  
Service Advisor, and Warranty Claims  
Administrator

**NO:** D-20-17  
**DATE:** November 11, 2020

**SUBJECT:** (X85) Active Head Restraint –  
Select 2010 – 2013 Jeep Liberty (KK) and  
2010 – 2012 Dodge Nitro (KA)

**FOR:** All U.S. Dealers  
All U.S. Business Centers

## PURPOSE:

To announce a warranty extension on the **Active Head Restraint** on the following vehicles:

- 2010 – 2013 Jeep Liberty (KK)
- 2010 – 2012 Dodge Nitro (KA)

**NOTE:** This warranty extension coverage period for 2012 – 2013 model year vehicles is 10 Years/ Unlimited Miles from the vehicle's In-Service Date. For 2010 – 2011 model year vehicles, the warranty extension coverage period is an additional 1 Year / Unlimited Miles from Warranty Bulletin Notification, November 11, 2020, for vehicles already out of the warranty extension period.

## TIMING:

Effective Immediately

## ACTION:

Always check *DealerCONNECT* or *WiADVISOR VIP* to verify if a vehicle is involved in a warranty extension. A vehicle involved in this warranty extension will display an **(X85) Active Head Restraint** message in VIP. If no (X85) coverage message displays in VIP, the vehicle is not in the scope of this warranty extension and no further action is required on your behalf.

All technicians are required to familiarize themselves with Service Bulletin 23-028-20 before replacing the Active Head Restraint on select vehicles. This Service Bulletin has been released to assist all dealers in the proper diagnosis and replacement of the Active Head Restraint.

**NOTE:** Due to the complexity of this Warranty Extension, an inspection must be performed and confirmation of failure must be completed before ordering parts. For 2010-2011 vehicles, the dealer inspection must occur within 1 year of the warranty bulletin notification. For 2012-2018, the dealer inspection must occur within the warranty extension period. The repair can occur outside of this time period. **ONLY** order parts if the striker pin is not attached to the sled bracket. This will result in the Front Active Head Restraint to not be resettable due to internal damage. The failure rate for this condition is extremely low. In the instance a customer vehicle qualifies and parts are ordered (it may take 2-5 months for the part to arrive at the dealership), notify the customer when the part becomes available and then complete the repair. The part delivery timing is due to the large number of unique trim and color combinations.

The Global Claim System (GCS) will honor the warranty extension coverages on the standard warranty labor operation number(s).

Refer to Service Bulletin 23-028-20 for Part and LOP information.

**NOTE:** This issue will span over 5 warranty extensions:

- **X84:** 2010 - 2018 Dodge Journey (JC), 2010 - 2014 Dodge Avenger/Chrysler 200 (JS)
- **X85:** 2010 - 2012 Dodge Nitro (KA), 2010 - 2013 Jeep Liberty (KK)

Dear (Name):

This letter is to inform you that the warranty period on your vehicle's Front Seat Active Head Restraints has been extended from 3 years or 36,000 miles to an additional 1 Year / Unlimited Miles from Warranty Bulletin Notification, November 11, 2020, for vehicles already out of the warranty period. This warranty extension on the Active Head Restraint applies to certain [2010 – 2011 Dodge Journey, 2010 – 2011 Dodge Avenger/Chrysler 200, 2010 – 2011 Dodge Nitro & Jeep Liberty, 2010 – 2011 Jeep Compass & Dodge Caliber, 2010 – 2011 Dodge Grand Caravan, 2010 – 2011 Dodge Durango & Jeep Grand Cherokee] vehicles. Our records show that you either own or lease one of the vehicles affected by this warranty extension.

We are extending the Active Head Restraint warranty period because some of the vehicles within the above referenced population may experience inadvertent deployment of one or both of the Front Seat Active Head Restraint(s). Once deployed, your head restraint may not be resettable due to internal damage of the head restraint. If your head restraint is deployed, or deploys in the next year after Warranty Bulletin notification date November 11, 2020, simply contact your dealer to determine whether replacement is covered by this warranty extension. **The replacement process involves three steps: dealership inspection, part ordering, and separate appointment for installation. The dealer inspection must occur within 1 year of the warranty bulletin notification, and the repair can occur outside of this time period. In the instance that your vehicle qualifies for this head restraint replacement, the dealer will order the parts, notify you when the parts become available, and then complete the repair. It may take 2-5 months for your part to arrive at the dealership to complete the repairs. The part delivery timing is due to the large number of unique trim and color combinations. Your Front Active Head Restraint(s) will be manufactured specifically for your vehicle. If your head restraint is not deployed, replacement is not necessary at this time.**

If you have previously paid for a head restraint replacement, you may be eligible for reimbursement. Visit [www.fcarecallreimbursement.com](http://www.fcarecallreimbursement.com) to submit an online reimbursement request. You may also complete the enclosed Customer Reimbursement Claim Form and send your original receipts, invoices and/or repair order to the following address for reimbursement.
