

## MY21 Slingshot Calibration Enhancements – Frequently Asked Questions

### What drive enhancements were made to the MY21 Slingshot?

The MY21 Slingshot AutoDrive transmission has been refined and retuned to deliver a superior driving experience. Key enhancements include improved shift times, shift feel and slow speed drivability. To benefit from MY21 drive improvements, MY20 Slingshot owners can upgrade their Slingshot’s calibration at any Slingshot dealership at no charge.

### Which MY21 Slingshot Models can be upgraded to the enhanced calibration?

Model Year	Models	Vehicle Identification Number Range
2020	Slingshot R with AutoDrive	Reference Unit Inquiry on the dealer website or the Service Communications list on the STOP site to lookup affected VINs.
	Slingshot SL with AutoDrive	
	Slingshot SL with AutoDrive	
	Slingshot GT with AutoDrive	

### What is the dealership process for updating a MY20 Slingshot to the enhanced calibration?

To benefit from MY21 drive enhancements, MY20 Slingshot owners can upgrade their Slingshot’s calibration at any Slingshot dealership at no charge.

Detailed dealership instructions for upgrading a MY20 unit’s calibration are provided via [Service Advisory #TSA-20-01](#), which is located on the STOP site on the Polaris Dealer Website.

The dealership will need to file a warranty claim for labor time spent on updating a MY20 unit’s calibration. Therefore, this calibration update will be offered to our MY20 Slingshot owners at no charge to them. This is a great reason to invite MY20 owners back into your dealership to see new accessories or test drive a MY21 Slingshot!

Additionally, any MY20 Slingshot owner who has **HILL HOLD**, the **STAGE 1 PROSTAR 2.0L DOHC I4 TUNE** or the **AUTODRIVE PADDLE SHIFTER KIT** installed will automatically benefit from MY21 drive improvements when *any* of those accessory calibrations are flashed to the their MY20 unit.

2021 CALIBRATION GUIDE	MY20			MY21					
	SL	R Manual	R AMT	S Manual	S AMT	SL Manual	SL AMT	R Manual	R AMT
HILL HOLD	Accy.	Accy.	Accy.	Standard	Standard	Standard	Standard	Standard	Standard
STAGE 1 PROSTAR 2.0L DOHC I4 TUNE	Accy.	N/A	N/A	Accy.	Accy.	Accy.	Accy.	Standard	Standard
AUTODRIVE PADDLE SHIFTER KIT	Accy.	N/A	Accy.	N/A	Accy.	N/A	Accy.	N/A	Standard
MY21 CALIBRATION UPGRADE	Available	Available	Available	Standard	Standard	Standard	Standard	Standard	Standard

### How will this opportunity be communicated to MY20 Slingshot owners?

In addition to direct dealership outreach to your MY20 customers, Slingshot will be sending an email to MY20 Slingshot owners on December 15<sup>th</sup>. The email will invite our MY20 Slingshot owners to get in touch with their local Slingshot dealership to schedule this service. Again, this service presents a great opportunity for our MY20 Slingshot owners to check-out new MY21 models and accessories when they’re in the dealership!
