

New Release

Because of the COVID-19 virus and personnel having to work from home our Ford representative at Olathe cannot receive Ford incentive forms (requests) as he usually would from the “MyTBB Portal”.

If you have submitted a request in the last two weeks or will be in the near future, please email them directly to Jim Simpson: jims@olatheford.com

Features and Benefits

This change will address prompt processing of your Ford discount incentives. We all thank you for your patience and understanding during this unique situation.
