

We are pleased to announce that all new Saf-T-Liner C2 orders powered by PSI 8.8L LPG Driveforce engine and equipped with hydraulic brake packages will now include Electronic Stability Control (ESC) as standard equipment.

Electronic Stability Control (ESC) is a vehicle safety system that automatically intervenes in events of directional instability that could lead to loss of vehicle control or rollover.

Sales option FL-49B-004 ELECTRONIC STABILITY CONTROL will be added to new Saf-T-Liner C2 orders committed after 2/10/2020 that are powered by PSI 8.8L LPG Driverforce engine and are equipped with hydraulic brake packages.
