

New Release

Effective immediately, when requiring 24" Roof Numbers on your quote, please add the location to the UNIT NUMBERING tab within the lettering program.

Earlier communication by PAB #006 in 2019 instructed you to add this option to the Exterior Lettering tab but we discovered the data was not always communicated correctly to lettering.

Features and Benefits

By adding the location to the Unit Numbering tab, the option for 24" roof lettering is treated as another location for unit numbering.

Ordering

Please order using the “Unit Numbering” tab in the lettering program.

Choose location TA and size 24. You will provide the unit numbers to coincide with the numbers already selected for your unit(s). See example above.

Please email Jenny Shultz with any questions @ jenny.shultz@daimler.com.
