

Effective July 31, 2020 we will no longer offer single ply or hi-miler heater hose options for our Thomas Built Bus vehicles. Following this update in the order configurator, our blue stripe heater hose will be the automatic selection for vehicle applications where heater hose is required. Additionally, optional upgrades to green stripe or silicone heater hose will still be available on Minotour DRW, Saf-T-Liner HDX and Saf-T-Liner EFX orders.

This change will be effective on all vehicle orders received after July 31, 2020. A sample of the single ply and hi-miler options that we are discontinuing are shown below.
